

Lawyers Promise ‘Nuremberg Trials’ Against All Behind COVID Scam

Published on February 24, 2021

Written by Jean-Michel Grau

Right now, a second Nuremberg tribunal that is in preparation, with a class action lawsuit being set up under the aegis of thousands of lawyers worldwide behind the American-German lawyer Reiner Fuellmich, who is prosecuting those responsible for the Covid-19 scandal manipulated by the Davos Forum.

In this respect, it is worth recalling that Reiner Fuellmich is the lawyer who succeeded in condemning the automobile giant Volkswagen in the case of the tampered catalytic converters. And it is this same lawyer who succeeded in condemning Deutsche Bank as a criminal enterprise.

According to Reiner Fuellmich, all the frauds committed by German companies are derisory compared to the damage that the Covid-19 crisis has caused and continues to cause. This Covid-19 crisis should be renamed the “Covid-19 Scandal” and all those responsible should be prosecuted for civil damages due to manipulations and falsified test protocols. Therefore, an international network of business lawyers will plead the biggest tort case of all time, the Covid-19 fraud scandal, which has meanwhile turned into the biggest crime against humanity ever committed.

A Covid-19 commission of enquiry has been set up on the initiative of a group of German lawyers with the aim of bringing an international class action lawsuit using Anglo-Saxon law.

Here is the summarized translation of the last communication of Dr. Fuellmich of 15/02/2021:

“The hearings of around 100 internationally renowned scientists, doctors, economists and lawyers, which have been conducted by the Berlin Commission of Inquiry into the Covid-19 affair since 10.07.2020, have in the meantime shown with a probability close to certainty that the Covid- 19 scandal was at no time a health issue. Rather, it was about solidifying the illegitimate power (illegitimate because it was obtained by criminal methods) of the corrupt “Davos clique” by transferring the wealth of the people to the members of the Davos clique, destroying, among other things, small and medium-sized enterprises in particular. Platforms such as Amazon, Google, Uber, etc. could thus appropriate their market share and wealth.”

Status of the Covid-19 Committee investigation

a. Covid-19 as a diversionary tactic by corporate and political “elites” in order to shift market share and wealth from small and medium enterprises to global platforms such as Amazon, Google, Uber, etc.

b. Contribution of the Audiovisual Tax to the reconstruction of a new media landscape that offers truly independent information

c. Making regional agricultural structures secure

d. Making a secure regional currency to prevent a new currency from coming “from above” to be allocated in the event of good behaviour.

e. Psychological considerations of the situation: how did it come about?

Actions for annulment of the approval of a vaccination, filed against the European Commission, trial in New York of the status of PCR tests, German trials, Canadian trials, Australian trials, Austrian trials, trials at the International Court of Justice and the European Court of Human Rights.

“We have seen what has been confirmed time and time again: the degree of danger posed by the virus is about the same as that of seasonal flu, regardless of whether it is a new virus (wholly or partially manufactured) or whether we are simply dealing with a flu renamed “Covid-19 pandemic”. In the meantime, Drosten’s PCR tests cannot even tell us anything about contagious infections. To make matters worse, the health and economic damage caused by anti-covid measures has been so devastating that we have to speak of a level of destruction that is historically unique. »

“The fact that health has never been an issue is particularly obvious, except that injections of genetically experimental substances disguised as “vaccinations” are now causing serious damage, including fatal consequences, on a mass scale. The world population has been used as guinea pigs for these experimental gene injections both gradually and extremely rapidly. In order to plunge the population into panic, dangerous and harmful containment measures (even according to the WHO) of compulsory, unnecessary and dangerous mask-wearing and social distancing, unnecessary and counterproductive, were introduced. The population was thus “ready” for the injections.”

“In the meantime, more and more people, not just lawyers – and rightly so – are demanding, in addition to an immediate end to these murderous measures, a judicial review by a truly independent international tribunal on the model of the Nuremberg trials. An example of such a demand and a moving excerpt from a speech by the English doctor Dr. Vernon Coleman can be found at the following link:

In addition, an interview with a whistleblower at a Berlin nursing home shows that out of 31 people vaccinated there, some of them by force, in the presence of Bundeswehr soldiers, and who tested negative before the vaccination, 8 have now died and 11 are subject to serious side effects." ([2020news.de/whistleblower-aus-berliner-altenheim-das-schreckliche-sterben-nach-der-impfung/](https://www.2020news.de/whistleblower-aus-berliner-altenheim-das-schreckliche-sterben-nach-der-impfung/))

Extraordinary meeting of the Berlin Covid Committee Wednesday 17/02/2021

"In this context, an extraordinary meeting of the Berlin Covid Committee will take place on Wednesday 17.02.2021, live and with many guests participating via Zoom.

From 14:00 onwards, the state of play will be summarised. In addition, it will be discussed how the contributions from the Audiovisual Licence Fee Tax can be kept and used for the reconstruction of a new media landscape that truly serves freedom of expression, and how the contributions already paid for the senseless propaganda of the last 11 months can be recovered through a formal notice.

There will be contributions and discussions on how the food supply can be secured, in particular by strengthening regional agriculture; but also by creating regional currencies, if necessary with the return of the EU to the EEC, on how to ensure that the policy of the "Davos clique", based on printing money out of nothing, can be stopped and a return to stable currencies can be achieved.

Above all, experts will explain how it could happen that we find ourselves in this blackmail situation unimaginable even a year ago.

In the second part of the session, starting at 7 p.m., world-renowned and high-level personalities will comment on the state of current international legal disputes, including the various collective actions, as summarised above. But it will also be discussed how the main perpetrators, in particular political perpetrators, of the crimes against humanity committed here can and must be held accountable under civil and criminal law in the framework of a new

International Court of Justice to be established in accordance with the guidelines of the Nuremberg trials with international distribution."

The link to the special session of the Covid Committee announced here will be available on 17.02.2021 via the Committee's website (corona-ausschuss.de).

Commentary :

To fully understand what is at stake with this new Nuremberg tribunal to judge the biggest tort case of all time, it is by pulling the thread of Dr. Drosten's lie for falsifying the PCR testing protocol on behalf of the Davos clique, that everything will come to pass: the sponsors of the financial oligarchy, Klaus Schwab, the great architect of this gigantic hostage-taking, the politicians at the head of the EU, the armed arm of the execution of Drosten's and WHO directives that led all Western governments yesterday to take the devastating decisions of containment, curfews, compulsory mask-wearing and social distancing, and today of lethal vaccines for the oldest among us.

"It is these truths that will bring down the masks of those responsible for the crimes committed. To the politicians who have had faith in these corrupt figures," says Dr. Fuellmich, "the facts presented here are the lifeline that will help them to set the record straight and begin the much-needed scientific debate to avoid going down with these criminal charlatans.

Secondly, in the light of this latest communication by Dr Fuellmich, two proposals from the extraordinary meeting of the Covid Committee in Berlin are of particular interest:

Firstly, the way in which the food supply can be secured, which seems somewhat surreal given the current situation. According to Klaus Schwab's planning for the Davos Forum, this is not the case. He has predicted a break in the food chain from the end of the second half of 2021 (nouveau-monde.ca/fr/la-quatrieme-phase-de-schwab/).

Secondly, the creation of regional currencies. There, it is clear that the Covid Committee of Berlin already anticipates the world stock market crash which is coming and which the financial oligarchy of the Davos Forum intends to take advantage of to set up the European digital currency in the expectation of a world currency to create a Chinese-style social credit on which the middle class of all the peoples ruined by the closure of their businesses, small and medium-sized industries and enterprises, cultural and tourist industries, sports facilities, etc. will become dependent.

These two aspects alone of the hostage-taking 2.0 of which the Western world has been a victim for almost a year should logically be sufficiently motivating to make us understand definitively that we are faced with a "populicide" that only asks to crush us if we remain inert, arms dangling without doing anything.

This is why each of us should do everything we can now to ensure that this international legal coalition can become operational as soon as possible. To this end, all those of us who wish to join the collective action of French lawyers to participate in this reconquest of our freedoms

should already get in touch with the collective action by 21 February (francesoir.fr/opinions-entretiens/interview-me-virginie-de-araujo-recchia-avocate-au-barreau-de-paris). Our survival is at this price as well as the future of our children.

Government is immune from prosecution of any kind.

The sovereign immunity refers to the fact that the government cannot be sued without its consent.

The king (government) can do no wrong, right? Over the years, issues arose where people could sue the government or political subdivision for negligence.

Hi,

There can be No immunity or Safe place to hide, when it comes to Crimes against Humanity and Genocide. Also, this Vaccine Prosecution Immunity under which they claim protection, must surely be Void seeing as these mRNA "Vaccines" are not Vaccines at all. Surely that could stand up in Court at least?

In reality, only living man is the King, the only sovereign. It is the natural man who establishes the Constitution as a sample of the "consent of the governed", that is, the natural living man is the one who tells the government: "I consent to you to govern me without violating anything that I leave you detailed in my bill of rights. " Then, from the Constitution, corporations emerge, which cannot exceed the Constitution that allowed them to appear. It is time to straighten the house and not to confuse Constitutional Laws with Bylaws and Corporate Codes! United States District of Colombia is a private corporation, see 28 USC 3002. United States District of Colombia (de facto government), not equivalent to the United States of America (de jure government). Can a private corporation like the federal government compel men and women on Earth? No. The United States District of Colombia is a private corporation incorporated in the state of Delaware since 1869, which provides government services to the people. This corporation was originally appointed by the Congress of the United States of America, through the "District of Colombia Act of 1871". This federal corporation established in the District of Colombia, in turn has incorporated numerous private franchises, such as FEMA, Home Land Security, FBI, CIA, CDC, and all the other federal agencies that we know today.

Yup.. There are actually two foreign owned corporations operating out of the District of Criminals. There is the British Crown's Territorial U.S. corp dba "the United States Of America" and then there is the Papal run MUNICIPAL(all caps) corp dba "THE UNITED STATES". Both incorporated entities and both foreign owned. Our military high command has known this for decades and stood by and did nothing. Time to correct your political status and join your State Assembly. Anna Von Reitz is a sound teacher if you want to learn of the great fraud.

Nope. Only we can do that. Or the Military. Military high command is dirty. Rogue. Will not help us and left Trump hanging. Not bad mouthing the soldiers. Just the high command where the real power is. Anyway, the Popes MUNICIPAL corp is bankrupt and presently operating without a contract(Constitution). The way through is The American Sates Assembly. We can fill vacant Public offices(all vacant due to un Lawful conversion/incorporation of Public to Private) and arrest them ourselves. That is how it was done originally. If you serve the corporations you have no power against them. Get back in your proper capacity as a State National and or State Citizen, and that is where the real power is. Too much to post and explain. Anna Von Reitz and The American States Assembly is the proper path through the lies and deception.

The dirty tactics and corrupt decision makers (arbiters) and "judges" are the real obstacle.

A State National is sovereign and their only obligation is to keep the peace(Public Law). A citizen is not sovereign. A citizen serves. Which "government" you choose to serve determines your citizenship. In America, you only want to be an American State Citizen. You have to go through the American States Assembly if you want to serve your real, unincorporated American State Government. Once everything/everyone is up to speed we can start filling vacant Public offices which are not allowed to be incorporated. Then we can elect the real President. The reason all Public Offices stand vacant is because they are attached to the Land jurisdiction and cannot be incorporated. Therefore, you have no Public employees right now because they are all holding Private office in the international jurisdiction of the Sea, and claiming all sorts of Public powers and authority that they absolutely do not possess!. A big fat capital crime. Inland Piracy and unlawful conversion of Public to Private. Again, Military is on the hook for allowing that to happen.

None of these governments are de jure, all western governments are registered for profit corporations, that in itself criminal fraud as there was no informed consent. Legal being the subversion of Gods law, the whole system a criminal enterprise via fractional reserve banking. These governments all ultra vires and liable at common law, the supreme law of the land. Fraud vitiates everything, the corporate veil is now pierced with Crimes against Humanity. No immunity here.

They have no immunity under Public Law. Statutory Law is Private Law. It stands under Public Law. Not above it. They can be dealt with, but only when you are acting as a State National or American State Citizen(land and soil jurisdiction)..People are simply not operating in their proper jurisdiction/capacity. If you are functioning as a Territorial and/or MUNICIPAL citizen/debt slave,, then yeah, you can't sue them because you serve them. You have agreed to contract with them whether you know it or not. And most do not and were never meant to know this.

"Government" is immune because it is not a person, a human, a living being with a brain. But the usurping officials of the Corporation of 1871 CAN and will BE prosecuted to their last breath. As to "Sovereign", only the People are Sovereigns in their country, NOT the 'government'. The 'government' is their paid administrator; the president is their greatest servant; and congress their paid employees. Any and all "laws", rules, or ordinances AFTER 1871 are Null and Void by the 'Constitution for the United States'.

That is why people fail.. You don't address them through their own court system. It is the American Common Law courts that need to be restored. One more thing. Your "State of State" government is just a franchise of those two corps. And a "State of State" is legal fiction. "State of Texas" is not Texas(Federated American State). So, if you go back to the Civil War, it did not involve the actual physical states or our Federation of States. It involved just the Confederate "States of America". Both the North and south were Confederate States of America. We were supposed to reconstruct our Confederate States(States of State) but never did. The queen and Popes substituted their own Territorial and MUNICIPAL States of State in place of our Confederate States of States. And no one was the wiser...well, a few were but found no ears to hear them. That was our failing. The three capacities of our country? On the National level(Land/soil) we are a union of geographically defined nation states(lower case "s") properly denoted as "The United States". On the international level(Sea) we are a Federation of States(upper case "S") dba "The United States of America". On the global level(Air) we are a Confederation of "States of State" dba "The States of America". The British Crown and Popes took advantage of uneducated Americans. It has remained that way until now.

So, in to regards of your comment my friend, I believe that the Supreme Court is (mostly) corrupt. How can't it be when they've

In most countries (except Germany) a rapid stop to the nonsense can be attained with writs of Habeas Corpus as was done in November in Portugal.

I don't know why Dr. Füllmich hasn't done this; or, then again, maybe I do:-

Any professional tends to get stuck in precedents; how was this done in the past? Sometimes, a learned outsider can come up with the real solution by pointing out an option which the specialist has overlooked. This is Habeas Corpus – a judicial review in which (in this case, the government) has to prove that a new dangerous disease actually exists amongst many other things.

The beauty of Habeas Corpus is that the burden of proof lies with the government, i.e. they have to prove that the punishments meted out to us all are justified. Because there is no way that they can do this, all of the "Covid" measures instantly fall. THEN is the time to prosecute the perpetrators, i.e. AFTER they've proved out of their own mouths that a crime has been committed.

See <https://www.harmonyenergyconsultants.com/web/en/habeas-corpus.html#habeas> for more detail.

Blessed be

The PCR test is not fraudulent. It simply was not designed to be used as a stand alone test for diagnosis. The creator of the test, now dead, already told them the test cannot be used for that. When the test is run at 34 cycles and higher it will give over 80% false positives. As it turns out, they were advising labs to run the test at 40 cycles, lol. They are frauds and have isolated nothing. Viruses don't cause disease, they are the effect of disease. They don't live outside the host and only exist to eat the toxins our cells excrete when they come under attack. Then the body surrounds them with mucous and expells it via coughing, sneezing, puking, etc. That is the end of the viruses life cycle. There are no viruses or bacteria cruising around through UV light and oxygen based compounds. Those are fairy tales for uneducated people. They know most people don't know any better. If steel can't survive oxidation, what makes everyone think a microbe can? They are liars preying on the uneducated. If you get sick it is because your immune system is not functioning properly⁷ and can't oxidize the pathogens. We get sick mainly from malnutrition and toxicity of one form or another in the environment. Not from viruses. The airborne contagion theory is just that. A theory. And it has never been proven. Ozone would take it ou⁷t in no time flat. It needs to be inside protected from oxygen and oxygen based compounds like chlorine dioxide, hydrogen peroxide, etc. and uv light as well. Oxidation. Same thing that makes steel rust and is your proof that the ozone is functioning just fine. Virus theory? Fairy tale. Greenhouse gas theory? Fairy tale. It was proven decades ago that any cell can become cancerous simply by starving of it of oxygen. Likewise, it was also proven any cell could be healed of cancer simply by flooding the cells with oxygen at a cellular level. Your body produces oxygen based compounds(ozone) if it is in proper health. But when it isn't, it can't make those chemical compounds to oxidize pathogens.

Thank you Joe!

Been reading the comments you posted, and mannn... you have vast knowledge! showing clearly that there is a LOT more digging to do for me... (although US laws etc are unknown to me (Dutch person here), I fathom the same principles have been, and are being used for other countries in the world. Especially countries from the "old world". I know the Netherlands is also registered somewhere in the States in the Chamber of Commerce, so I guess they made a similar construction for us.

I will look up the tips you gave in your first comment, and see if I can find something similar for Europe.

Thanks again!

Yeah. They incorporated all governments under their umbrella. A crime of inland piracy and un Lawful conversion of Public to Private. Capital crimes for over 200 years now. They are parasites. Right now Biden is President of a bankrupt, liquidated MUNICIPAL corporation(UNITED STATES, INC.) that is continuing to operate without a contract.(Constitution). That is the real reason, in my

humble opinion, that the WH was fenced off. They aint supposed to be in there right now and the military really should have rounded them all up...but failed to do so because they are on the hook for the same crimes. I am not talking about the rank and file. I specifically mean the high command. The big brass thought they were going to pull the same scam as the Pope and British Crown. I believe that is why we heard rumors of a new Federal Republic and a new Capitol building. They were going to set up the Queen and Pope's scam for themselves, lol. Scumbags found out differently. There are too many of us who now know what went on the last 150+ years. One big massive identity theft scam. A good place to start is understanding the three jurisdictions. Land(Common Law), Sea(Maritime/Admiralty Law), Air(Cannon Law). Once you understand that, you need to understand that your country functions in all three jurisdictions simultaneously. So, for my country, America, we have on the National level(Land and soil jurisdiction) a union of geographically defined states properly spelled out "The United States". Next, on the international level(Sea jurisdiction) we are a Federation of States doing business as "The United States of America". Lastly, on the global level(Air jurisdiction) we are a Confederation of "States of States"(ex: "The State of Texas") doing business as "The States of America". Three different jurisdictions. Three different capacities. By incorporated everything , including us, they moved everybody off the Land jurisdiction by registering all newborns via the Birth Certificate scam. In a nut shell, they claimed we voluntarily agreed to this(your mother signing the BC) and then claimed we abandoned the Land/assets and they rolled everything into land trusts that they "manage" in our "absence". One thing Americans need to understand is that a Confederate State is a business organization for partaking in global(Air) commerce. A Confederate State is a "State of State". The so-called Civil War involved only the Confederate "States of America" (Air jurisdiction). It did not involve the union of actual physical states(The United States/Land jurisdiction). Nor did it involve our Federation of States(The United States of America/Sea jurisdiction). It only involved the Confederate (The States of America/Air jurisdiction) "States of States". Spelling and punctuation very important. Ex: on the national level we have texas(physical state). Then internationally(Sea) we have Texas (Federated State). Then globally(Air) we have "The State of Texas"(Confederate State of America). Three jurisdictions. Three capacities all operating simultaneously.

The reason separate jurisdictions were established? The claim was they needed to separate man from his/her creations. Man's creations should not have the same or more rights than man. So, they stuck all dead things(legal fiction/corporations) in it's own jurisdiction (Sea). All things living(people, animals, plants,etc.) and all attached to and of the land (physical assets/resources) were placed in the Land jurisdiction. The air jurisdiction is where all creation of corporations happens. That is also the jurisdiction where commerce (defined as business between two or more incorporated entities) takes place. So, if you created a company, it would have it's origins in the Air jurisdiction and function in the Sea jurisdiction.

Likewise, when you conduct business with other incorporated entities, it(commerce) takes place in the Air jurisdiction.. So, D.C. is not the Nation's true Capital. That would be, and still is, Philadelphia, PA. baby! D.C. was set up for the Air jurisdiction. Their boss is the Pope(All corps presently are incorporated under his MUNICIPAL umbrella). He ultimately owns all your companies. The British Crown is his overseer/partner in crime.. The real three branches of our true American Federal Government(unincorporated) are: Territorial, Municipal and Federal. We were taught about the corporations branches. Not our own. Separate jurisdictions also allows them to play a shell game with uneducated people.. It is not meant to be easy to understand. It is deliberately convoluted and confusing. The British Monarchy is Trustee of the Sea. The Pope is Trustee of the Air and the Spanish King used to be Trustee of the Land jurisdiction. Now you know who really screwed the planet up and who is really running things.. I know many believe Israel is king, but that is not the case. They are more than happy to have you believe so. They are masters at setting up others to take the fall for them. Then they just reboot the same old scam when the dust clears. All roads really do lead to Rome...and The City of London(Incorporated just like New York city and D.C..).

Joe Roberts

February 27, 2021 at 2:43 pm | #

I also forgot to point out that the Queen's fake Government service corp is spelled out in upper and lower case letters, but with the "t" being lower case. That is very important to understand. Ex. "the United States of America". That is the British Territorial U.S. corporation. The Popes MUNICIPAL corp is all caps(THE UNITED STATES). That is how you tell the difference between the British Territorial U.S. service corp and the Vatican/Pope's MUNICIPAL service corp. Proper spelling for our country in all three jurisdictions is : "The United States"(land/ physical union). "The United States of America(Sea/ Union of Federated States) and lastly "The States of America" (Air/Union of Confederate "States of States" which are business organizations for partaking in Global Commerce). Upper and lower case with the "T" always being capitalized.. The Union the South seceded from was the Union of Confederate States of States("The States of America"). That is what we were supposed to reconstruct. Our Union of Confederate States of States. Instead, the Queen and Pope substituted their Territorial and MUNICIPAL "States of States/STATES OF STATES" for our broken Union of Confederate States of States.. And never told anyone. That is the big secret they all keep in Washington... well that's one of them, anyway.Scumbags.

Truly, I cannot follow your description of the different 'laws', rules, and tricks by the bankstering mafia to destroy the US, which must have taken place after they hijacked the nation in 1871 and implanted the commercial DC Corp; it nauseates me. But, since such took

place after the usurpation, it is therefore NULL and VOID Constitutionally, according to Marbury vs Madison. All Americans need is ROPE to solve this situation, as everything called "government" is corrupt to the bone; VatiCON, or not; Rats in London, or not.

Is a corporation a living man or woman? Of course not. That is why they stuck it in it's own jurisdiction and inherent body of Law. It is really very simple to grasp. But only if you take the time to study it... This material will have to be understood or future generations will fall right back into the same trap/scam. So, no. It will take more than rope to solve it.

And there are two corporations in the District of Criminals.. Not just one. You see? You got more work to do. there is a reason they keep repeating the same old scam over and over. We never learn.

Joe Roberts

March 1, 2021 at 11:11 am | #

No. The three jurisdictions and the body of Law associated with each was already in place before America was even born. Well before 1871. I had a teacher in grade school that was teaching us about this back in the early 1980's. I was the only kid in my high School that new Philadelphia was our Nation's real Capital. Not D.C. Crossing jurisdictions is Inland Piracy(When the Sea jurisdiction encroaches on the land and soil jurisdiction). That is what touched off the War of 1812.

So I have come to this same conclusion, that viruses don't float in air and infect people, like we are told.. Yet still I wonder, sometimes people say that their child became f.ex smallpox while being with another child, who had this. So anyone knows how this is happening.. I mean, if it is happening.

Many reasons. Not just one. Vaccines are probably responsible for much. the other thing people need to start understanding is the danger of electromagnetic fields. That is probably the biggest cause of “flu” outbreaks. Not a silly virus. Wireless crap, electrical grid and strong solar storms(CME) can all cause outbreaks. Why? Because we have iron in our blood. Iron is attracted to magnets. When you come into contact with a strong magnetic field, the iron in your blood is attracted to the magnetic field and disrupts hemoglobin’s ability to absorb oxygen. Lungs fill up with fluid and respiratory distress sets in. I believe, fairly recently, it was proven Measles(?) were caused not by a virus, but vaccine. Didn’t make the evening news for obvious reasons. Nutrient deficiencies are also a huge source of many “diseases”. Acidic blood ph. Toxic medication and vaccines. Toxic industrial pollution, chemtrails/aerosol spraying, etc. Lack of proper sunlight and fresh air. All these things can contribute.

Also, cancer is the body’s response to low levels of oxygen. Dr. Otto Warburg won two Nobel Prizes, back in the day(30’s, I think). One Prize for showing any cell can become cancerous by starving it of oxygen. And he won another by showing any cancerous cell could be healed by flooding it with oxygen at the cellular level. It is believed Osteoporosis is caused by acidic blood PH which causes the body to leech calcium out of the bones to buffer the high bloodstream PH. We now know Scurvy was caused by Vitamin C deficiency. So, there are many different cause for outbreaks of disease and illness. It is not an easy thing to nail down. I suspect the majority of auto immune disorders are caused by nutrient/vitamin deficiencies and vaccines altering dna. Throw in all the EM pollution, medications, etc. Everything in the damn grocery store is poison nowadays.

Joe Roberts

February 27, 2021 at 11:26 pm | <#>

My bad. The body leeches calcium to buffer the low(acidic) bloodstream PH. Alkalize your system(raise PH) with baking soda and water. One teaspoon to a glass of water on an empty stomach. And don’t eat anything afterwards for at least 1 hour or you might be on the toilet spraying the bowl, lol. Baking soda is a grabber and a cleanser. It’ll grab good stuff too and flush it out of you. I don’t run for Tums or Rolaids anymore. They can keep their aluminium salt and whatever else they sneak in there. Get back on real dairy too, if you are not allergic to it.

Thank you for taking time to answer !

Having lost half of my family to cancer, I have spend a lot of time understanding why people get this and how they could get rid of it in the best way. I have studied Warburgs theories, the pH values, Gersons theories, Ty Bollingers films about cancer, what acupuncture can do about it, about med beds and much much more.

I am looking forward to read 'What really makes you ill' , Lester and Parker.

Electromagnetic radiance is a true killer.I have known for a long time. People need to understand, much more about this topic.

But when people talk about the 'covid virus', that after they had it , they got the same symptoms, like loosing the taste and smelling for a long time after, is it then the electromagnetic radiance who created this ?

I am suspicious of diary product, also those from the farm. Even not allergic. I don't think, this is food for grown ups. When I go running outside, my nose would start running a lot too, if I have had diary products. Like if they create to much slime in the body. Now I just have some farm yogurt and kefir now and then. The body can get calcium from other sources.

Could be, bud. I've lost quite a few relatives to cancer as well. And one uncle that just died, or imo, was murdered in this Covid-19 fraud. I am very pissed and ugly about that. Our environment and food is so damn toxic now it is hard to know which way to turn. I believe I was headed for pancreatic cancer until I got my gut under control. Already lost an uncle to pancreatic cancer a couple years ago. It was getting so I couldn't sleep. So much acid in my stomach and this thick, foamy saliva that would fill my chest and throat and felt like I was being squeezed to death.. Digestive issues no doubt.. I got it under control with just baking soda and water. I am still having a little difficulty now and then, but nothing like I was.. I think our systems are so out of balance and toxic that there is no one magic bullet. We have to self educate and find our way back to good health. And stop relying on "experts" to construct reality for us. We've been too lazy and trusting. Myself included. I am trying to change that.. Better to live and die by our own truths. Then at least there is no one to blame but ourselves.

(Second try) Dr. Simoncini in Italy proved in his office how a vaginal cancer (visible in the video) could be cured in seconds by injecting in the affected area Sodium Bicarbonate (alkalinity) in distilled water. Fluid goes in, cancer cells die. But insisted that cancerous cells develop because of a fungal invasion, associated, admittedly, by lack of oxygen in the blood, or an acid condition due to improper nutrition or fluid intake, a low pH level.

Osteoporosis is also created by low levels of Silica, only 33% daily intake from our commercial food, due to deficient unripe fruits and vegetables harvested to the convenience of food markets, not our bodies. Lack of Silica unlocks calcium from our bones and teeth. Silica is the basis for Collagen, the glue that binds our cells together. No life, even microbial, can exist without Silica. Yes, we certainly need to do our own investigations and follow and trust our instinct before trusting anyone else..

Fasting is a good way to detox once in a while, for me it works well with vegetable juices. It bans a way for higher conscience.. Sunglazing is also quite something ; just when the sun comes up in the horizon, face it for a while, in the beginning a few minutes, later more. Get charged with cosmic energy.

Well, also yoga and meditation surely great stuff..

I strongly believe, we will see our relatives again later.

Also a friend had a moment, when she died and then woke up again. She said, she saw her loved ones there.

It is about using the time wisely, while we are here.

On the 29th September, 2005 I posted; A petition for an extraordinary Writ, Requesting Motion for leave to proceed in forma pauperis, to the Clerk of the Court, Supreme Court Of The United States; requesting counsel to be appointed to represent me; In my contention that; The government of the United States is Ultra Vires. Questions presented:

1. The Court please appoint Counsel to represent me in forma Pauperis?
2. The Court please define that an inventor with no money; has the right to representation before a Court of Law within the United States of America?
3. That where a government department or other agency of the United States infringes United States patents and fails to act with the highest ethical standards towards the inventor; is that government department Ultra Vires?
- 4 That the Solicitor General for the government of the United States; is in such circumstances thus also Ultra Vires?
5. The Court please create a framework of appropriate rules; to ensure that in future, at all times, government attorneys always act to the highest ethical standards in their dealings with inventors granted United States patents?

The Clerk of the Court wrote back to me October 13, 2005 setting out the papers were returned requiring changes required to enable my writ to proceed. However, at the time being, I was simply unable to afford to do so, and I left the matter in abeyance. During 2009, I made the decision to publish a free PDF book, The Road Ahead from a Grass Roots Perspective, in which I laid out the petition, with slight modification, as Chapter 12, The Responsibilities of Government.

That in turn has opened many doors over the last 11 years. My reason for bringing this up today is very simple; I believe that the basic arguments I made . . . detailing my belief that government is always ultra vires . . . beyond the law . . . if it does not act to the highest ethical standards; has a place within the debate regarding the

believed unlawful actions underpinning the so called COVID-19 pandemic. Is there anyone out there prepared to accept my point of view and who can help me take this forward?

The problem is you are trying to address them through their own system that you have consented to, whether you know it or not.. The second you petition them, you are done and have surrendered jurisdiction to them. You are addressing them, your employees, through their court system(ours is American Common Law courts) as a Territorial/MUNICIPAL citizen/employee of their corporations. And you are going through their courts to do it. You will lose because you don't understand the game. Show up in court with a Bar attorney? You are all done. If you show up in court with a lawyer it tells the "judge" you are incompetent and a ward of the "State of State". Cannot possibly explain all this in a post.

Remember, as soon as you cross the bar, that fence between the people and the court in the courtroom, you are in their playing field and are subject to their rules (or the lack thereof). Their only duty is to extract as much money as they can from anyone who chooses to step in there. Think about this. . . There are usually two sides, plaintiff and defendant, who (think they) have to hire lawyers to plead their case. But. . . BOTH LAWYERS are on the same side of that. . . fence! THEIR playing field. Extracting YOUR money! You do have to pay that lawyer, win or lose, right?

The best option is to NEVER try to address them in their playing field.

Always toss your rocks from outside the fence! You might be able to hit them, but they can't chase you afterward! (This part is humor, in case you didn't get that. . .)

But, back to the discussion. . . You can never expect to win in their court. That guy is an attorney. Sure he "won" in those big high profile cases. But who *Actually* won? The court! The lawyers! Those on both sides of it got their share of the booty! The plaintiffs paid them *and* the defendants paid them handsomely I am sure! And pretty much not much else actually happened. A little publicity. A bunch of distraction. . . Learn where to stand when throwing your rocks!

He is partially correct in some respects, but is not 100% correct by any stretch.. Biden is President of the bankrupted MUNICIPAL corp dba THE UNITED STATES, INC. They are operating without a contract(Constitution). That is why the Military fenced off D.C. The rest was just theater to obscure what was really going on. The bankruptcy/liquidation of the Pope's MUNICIPAL UNITED STATES corporation, lol. No contract? You can't be in there. Too many people now know. All your STATE OF STATE, TOWN OF, CITY OF, etc, Municipal governments are just corporate franchises operating illegally/unlawfully too. Write your select board and tell them they are operating without a contract and you know it even if they don't.

Biden had no office to run for because the MUNICIPAL corp was dissolved. It is no more. Trump, on the other hand, is President of the British Territorial corp dba "the United States of America"(Incorporated), which does have a contract(Constitution) with our Country. But he, Trump, is not in control of jack. The Military is in control and has been since Lincoln declared Military Marshall law over a century ago. So, everything that has since happened, has been on their watch... or lackthereof. Trump is working for the Military and our subcontractor, the British Crown. Were he the true American President of the real Federal Government, he'd be sitting in Philadelphia and laughing. He had that offer made to him. To correct his political status and be "The President of The United States of America"(unincorporated). He didn't take it. That was dumb, because that is where the real power is in terms of controlling the Military. Biden, though, is 100% illegitimate and should have been arrested by the Military. Ditto for the rest of them. Thank the Generals for being the traitors they are. Soldiers should stage their own coup and arrest their "superiors". Yeah. I mean that. The Military high Command is dirty and compromised beyond fixing. Honorable men and women should be in those positions. Not appointed puppets and criminals. All this trying so desperately to cling to some sense of reality. The reality is that the plan was born from within a tornado in a junkyard, the vortex at the Maurice Strong Baca Grande hippie commune at the base of the Sangre de Cristo mountain within the San Luis Valley of Colorado. Maurice Strong purchased the Baca in 1978, his wife

worked with psychics on psychedelics to communicate with non-humans. Meanwhile Maurice was working with Dr Muller in Costa Rica, communicating with a demon called Rasur. The two plans were combined then rewritten by Henry Kissinger for presentation in 1982 at the newly created by Klaus Schwab and Maurice Strong World Forum of 300 in Vail Colorado. The plans were handed down during that week long forum while all the participants were covertly drugged with LSD. What could go wrong? For the past 39 years the plan was installed into projects at UN and at World Economic Forum. Kissinger had altered the plans and doing so breaking the agreement with the givers of the plan, the 50 year treaty expired in 2004, that was the Eisenhower treaty following the Roswell UFO incident. Liz Cheney pretends that her father still has the backing, nope, ET stood him up, no show and no treaty. it's Wile E Coyote time for the globalist. Having worked for 15 years both directly and in support of PCR based clinical assays one thing is absolutely, abundantly and verifiably clear: the COVID 19 PCR assay is a total fraud that can only be by design. One oversight, OK maybe that was accidental. Two starts to strain credibility. But an ongoing series of procedural errors, all pointed in the same direction, repeated and compounded over more than a year, coupled with misinformation also slanted in the same direction, cannot be anything but an intentional orchestrated plan. PCR is a manufacturing process. It is not a test. There is no PCR Test. Period. It's a fraudulent term. Everybody who knows knows this. In a PCR based clinical assays PCR simply provides one data point. That point is compared a dataset of known outcomes to correlate gene expression to any of a number of potential outcomes defined by the population set. This test is always run against a standard/control that represents the sequence you are focused on. But amazingly the test doesn't even use COVID as the control sequence but HUMAN RNA. Furthermore all PCR assays quantify the expression of a given sequence by the number of replication cycles required to amplify the sequence to a detectable level. In the case of cancer you may find a target sequence expressing at 15 cycles or you may find it expressing at 30 cycles. And in one case you will have a fatal case of cancer while in the other you may have none at all. CT is the fundamental data point that allows PCR to be employed in a diagnostic capacity at all. Yet they have never even captured this data. They then compound this error by running to 38,40 or even 45 cycles and call any detection whatsoever a 'case'. This is beyond fraud. At 38 cycles you have more replicates than there are stars in the Galaxy. You will have fragments, mutations and insignificant sequences rising above the limit of detection that on no way represent the specimen being tested. ALL OF THIS IS WELL KNOWN. The test never should have even been run to 30 cycles. Much less 40 or more. Even absent a dataset (it was a new virus right) this test COULD have been effective. It could have taught us much. Had we captured CT values for every test we could have retrospectively correlated them to real world outcomes. We could have had some one billion data points to tell us what CT range correlated to an active case, which correlated to an asymptomatic case and what was useless data. Over a year in we could have perfectly characterized this disease, defined CT ranges for all outcomes and augmented the test to be devastatingly accurate. But they didn't. On purpose. And as experts like myself have raised these objections, they attempted to pull a bait and switch by mandating that TOTAL test cycles be captured and reported, which is entirely useless and irrelevant. A move that still will still fail to deliver the data we need and could have already had. Limiting the test to 35 cycles still gives you tons of false positives, more useless data and gets no closer to establishing what is or isn't a real case. Not even ineptitude can explain these glaring frauds. The had to be intentional. They go against every bit of established science in this area, have no precedent, and they cannot support any useful or relevant outcome. For me it is the absolute smoking gun proof that all of this is intentional fraud. And I would testify to that under oath. These cannot be just mistakes. If they knew enough to even employ PCR for this purpose they had to know you were doing it wrong. They had to know they were torturing the data. They had to know it was useless and why. They had to know their 'course correction's was

itself a fraud. It had to be totally by design. There are decades of precedent for how to do this the right way and no precedent for doing it how they did it. The Nobel Prize winning inventor of PCR made this case over and over until the day he died. All sane science, data and precedent was not just ignored but purposely avoided. There is no denying this. Let them burn in hell for 100 eternities for it. I'll light the fire.

Damn straight!. They are lying scumbags who have isolated nothing! Sars. Aids. Covid-19. All frauds.. No virus has ever been isolated because they share symbiotic relationship with the cells. They live inside us. They don't live out in the atmosphere. Oxidation and UV light disproves airborne germ theory. For those who were never taught the truth in school, ozone is oxygen that is broken down into it's individual component molecules by UV light in the ionosphere. then, the molecules clump together to form ozone, and being heavier than air, fall through the atmosphere oxidizing unburned hydro carbons, pollution, etc. No germ or virus can survive oxidation. Nor do carbon emissions destroy ozone. Other way around. I tested rain water all last summer. It tested 0 PPM every single time with a PH averaging 5.5-6.0. Proof that the ozone was just fine and oxidizing as it has always done. ozone is created. It is not some magical layer that is being destroyed by "climate change". Junk science and fairy tales. The body does the same thing when/if it is in proper health. When it gets out of balance, we use Sodium chlorite(salt based that converts to chlorine dioxide gas when mixed with an acid), and which is not bleach as the lying media claimed, but an oxidizer.. I also have food grade hydrogen peroxide on hand(35%). Can be diluted in water and by-by pathogens. Both oxygen based compounds are produced naturally by the body when it is in proper health. So eff off to all those claiming Chlorine dioxide and hydrogen peroxide are dangerous. They are one of the main reasons we don't get sick more often. Our bodies make them, lol.

Trump was basically referring to MMS drink and the resulting gas, Chlorine dioxide, that is produced when sodium chlorite(salt based) combines with an acid(like stomach acid). The gas is then able to permeate the cells and oxidize the pathogens attacking the cells. This occurs naturally

in our bodies. It can also be manufactured as a drink/medicine. This, I believe, is what Trump was talking about. It can cure Malaria in about 4 hours with full dosage(drops in distilled water) once every hour until the illness is gone.. So, very powerful and education is a must.. Sodium chlorite is an oxygen stabilizer. It is salt based. Used to purify drinking water. That is what Municipal water supplies should be treated with. Instead, they use bleach! Hypocrites and scumbags is what they are. Chlorine dioxide is an oxidizer. Not bleach as the lying media claimed. Food grade hydrogen peroxide is also an oxidizer. Also an oxygen based compound the body produces. It also is very powerful. Again, just a few drops in distilled water and you should start out slow and build up to the full dose. there is a dosing regimen posted on line from a woman who used it to get rid of cancer. It is on wordpress, so you should be able to find it easy enough. Both are very powerful. But education is a must before using either. You go taking a swig off a bottle of 35% hydrogen peroxide and you're going to regret it, lol. We're talking just a few drops in distilled water three times a day on an empty stomach. But, please,I am not an expert on either. So, research the crap out of it and make your own decisions based on your own findings. Even good things can kill ya if you don't know what you are doing.

Correct. MMS will clear, with as little as the sixth drop in the daily schedule, a parasitic fungus in the lower intestine, which absorbs our food and makes the brain request more food for its nutrition, thereby making the intestine grow in length to digest more food, while the belly grows in proportion. Kill the parasite, and the intestinal process is reversed, reducing hunger, and the waistline by several inches.

Being our court system is our last defense in our fight for freedom. This “pay to play” judicial system is corrupt to the core. It must be replaced or all is lost.

Why can't we program a computer to replace the corruptible judges and enforce stiff fines on lawyers who violate their code of ethic and the rules of court. And form a committee of non-lawyers to intimately oversee the judicial system, (a Grand jury with no lawyer participation).

The court system you reference is not our court system. It is a Sea jurisdiction court. It is for corporations. That fake, corporate Court system is not even supposed to operate outside of D.C. They are un Lawfully squatting on Land jurisdiction at the moment and every damn one of them has committed Inland Piracy by doing so. If you get addressed by one of their kangaroo corporate Tribunal courts, you the living man are not being addressed. They are addressing the legal fiction they created out of your lawfully given trade name. They are just banking on you not knowing the difference. You are not legal fiction. You are not a corporation. Therefore, their Court system really has no jurisdiction over you. But if you don't know that, well, they damn sure ain't going to tell you that. They're in the business of making money off you. Our Court System is the American Common Law Courts. Not operating at the moment...that is going to change.

This will go after individuals within Government and the Medical Community for Crimes Against Humanity for which there is no shield of government or Immunity. This is not a dangerous disease (recovery odds 99.9% for most individuals) and year-on-year All Cause Deaths did not change from prior years so this is not a Pandemic.

The usual causes of Death went down (CAD, Diabetes, Lung Cancer, Breast Cancer, Strokes etc and COVID replaced them. Medical Negligence was the real cause of most of the Deaths because HCQ, Zinc and Ivermectin were blocked by Fauchi and Pharmacists refused to fill Rx's for them. There is no Immunity from Prosecution for Medical Negligence.

I have a hard time seeing Nuremberg trials as an appropriate model for answering the CV-1984 crimes against humanity. I think a new model would be much more appropriate, not tied directly or indirectly to anything from WWII, because so much remains "verboten". In particular, lawyers who attempt a rational discussion in Germany to review the alleged information, and even to use a review to defend their clients from hate-speech charges, find themselves behind bars, which is an outrage. Jailing lawyers for mounting a defence for their clients is reminiscent of the level of different abuse in the infamous Court of Star Chamber. In the Star Chamber, a political court, punishment was meted out for not wishing to offer a defence. In Germany's modern-day political courts, punishment is meted out for in fact mounting a defence, as German "law" makes a defence illegal! And all goes back to the so-called Nuremberg Trials, which are tainted by the fact they are reported to have been fully controlled by the World Jewish Congress which had a "monopoly" on presenting "evidence", which turned out to be fake, such as shrunken heads, lampshades, soap and other sinister paraphernalia. On the basis of such fraudulent "evidence", which even today apparently cannot be contested lawfully in a free and open court in Germany, if anywhere, young German men in their teens and twenties were physically and mentally tortured to extract (even false) confessions, and then summarily executed.

Senator Joseph McCarthy, at the time of the Nuremberg horror show, deplored the particular case of a female camp guard, Ilsa Koch, who had been so severely lied about and then imprisoned despite a determination that her guilt in any respect could not be established. Koch eventually killed herself in prison.

I don't think Nuremberg is a label that anyone could rationally connect with a precedent for fairness, honor, or legitimate "legal" proceedings. The Nuremberg label should not be attached to Covid-1984 procedures. There should be a clean break with a past that we are not allowed to clear up, so that we do not know what in fact we are basing modern action on if we use these old labels.

Perhaps UK should be the locale of Covid-1984 trials, given the substantial links of its institutions and some of its people (Neil Ferguson, for one) to the fraudulent lockdowns being applied to destroy the world's economy, and the mental and physical health of the world's populations.

How about London for the Covid-1984 trials, rent an auditorium at Imperial College and put the accused on trial there.

I fully agree with you. Nuremberg was a sham, a scam, an abuse of the German people and its government, who kicked the banksters out and restored the nation from the grip and corruption of the Wiemar 'Republic'. Everything claimed as the holohoax was false. At least in the US, lawyers were forbidden to hold any public office due to their allegiance to a foreign, and enemy, power: The Rothschild Crown. The 13th Amendment was for that, although it has been hidden and replaced by a fake one for a long time.

Re: Schwab's Phase Four

<https://nouveau-monde.ca/fr/la-quatrieme-phase-de-schwab/>

"Use of military personnel in major metropolitan areas and on all major roads to establish movement control points. Limit travel and movement. Provide logistical support to the region. Expected for the third quarter of 2021."

This reminds me of Stephen Harper's 2011 "election pledge", a promise no one asked for.

<https://www.cbc.ca/news/canada/harper-pledges-to-boost-military-presence-in-cities-1.556770>

Harper promised to militarize major Canadian cities, apparently by equipping the cities with military bases.

This would apparently be a bad move, as military bases are nuclear targets in case of war. However, the global takeover has doubtless been long in planning.

I am not aware of any details of Harper's fulfillment of his plan, but it might well have been done, and would go into action in the scenario envisaged.
