## Green Pass: Letter of Children's Health Defense to the European Parliament. TAKE ACTION

Dear Member of the European Parliament,

**Re: Green Pass Requires Debate, Not Emergency Adoption, COM 2021 130**

We write to oppose the Parliament's adoption of the "Green Pass" (Digital Green Certificate, introduced March 17, 2021 with proposal #

We are extremely concerned about the proposed regulation will affect all travel in the Schengen Zone, for European citizens and other:

The proposal's premise is that it will prevent transmission of SARS-Cov-2 but it is on shaky scientific and legal ground and requires in-

### **1. There is No Proof that Vaccination Blocks Transmission of SARS-CoV-2.**

The European Medicines Agency (EMA) has repeatedly stated that there is [no data proving that COVID-19 vaccines block transmission](#)

While the EMA hopes vaccines will reduce COVID, the reverse may occur; mass vaccination may increase disease spread. This was the c

### **2. PCR Tests Are Unreliable Public Health Measures.**

While PCR tests may be able to diagnose a sick person in a short time window, they have almost no relevance for those who show no s

A recent review in the medical journal *The Lancet* estimated that isolation of false positive cases is “a net loss to the health, social and ec

In January 2021, the WHO released [new guidance on PCR tests](#), also warning of the danger of false positive results: “as disease prevaler

Member states should stop testing healthy people and use those resources for treatment.

### **3. The Green Pass is legally disproportionate.**

The proposed regulations infringe fundamental human rights, including rights to travel, assembly, privacy, conscience and free and infr

Implementing the Green Pass will require massive resources without a well-founded expectation of success. Investment in hospitals an

### **4. The European Parliament Must Apply the Precautionary Principle.**

COVID-19 vaccines have received only conditional approval; clinical trials will not be complete for months or years. Demanding that Eur

How these vaccines will affect people in coming months or years is unknown. The risk of Antibody Dependent Enhancement (ADE) is re

Several COVID-19 vaccines are based on a novel gene technology never used in healthy individuals before. Manufacturers sidelined the

### **5. Vaccine Manufacturers Fail to Warrant Effectiveness or Safety.**

[Esteemed Belgium lawyers](#) recently concluded that the European Commission granted invalid liability and warranty exemptions to COV

### **6. Inadequate Guarantee of Data Privacy.**

Although the proposed regulation states that Member States will protect medical data, there is little to guarantee this protection. These

### **7. Risk of Type Replacement and Viral Mutation.**

Mass vaccination with imperfect vaccines – and none of the available vaccines is perfect – may lead to type replacement and viral muta

### **8. Risk that Green Passes Become Permanent Without Due Consideration.**

While the Parliament considers the Green Pass regulation as a temporary measure, it is unlikely to be so. Such restrictions usually becc

### **9. The European Parliament Must Uphold Democratic Values.**

Too often since the beginning of the coronavirus pandemic, numbers have ruled instead of the rule of law. Small coteries of experts int

\*\*\*

Please take these points above into consideration and require open debate and analysis before you take further action on the Green P

The citizens of Europe and the world are watching you — our liberty and security are in your hands. Do not let us down! Do not put the
