WATERFORD NOW HAS HIGHEST INCIDENCE OF COVID IN IRELAND

MONDAY, OCTOBER 11, 2021

THERE are fears that Ireland is on the verge of a fifth wave of the Covid-19 virus and Waterford is at the epicentre of those concerns, with the highest incidence of the virus in the country as of Monday, October 11.

In the last seven days, there's been 408 cases of covid in Waterford, which equates to an incidence rate of 351.2 per 100k population. In the last 14 days, Waterford has seen 719 new cases, which is a worrying 618.9 cases per 100k.

▣ *County Waterford has the highest adult vaccination rates in Ireland at 99%+. Followed by County Carlow in Second place at 98%+*

● *County Waterford also has the highest Covid incidence rates in Ireland, followed by County Carlow in second place.*

— *Con Murphy (@ConMurphyCarlow) [October 13, 2021](#)*

Waterford, once the crown jewel of Ireland’s Vaccination program, now has the highest rate of infection in the country. For the first time since March, the number of patients in hospital with Covid in Ireland is over 400. This in a country where 92% of adults have been Vaccinated against the CCP Virus.

It’s worse for County Waterford where almost every single person over the age of 18 has been double jabbed and yet case numbers are surging with more than 700 new cases documented in the last 2 weeks.

The number of vaccinated patients in ICU now is almost as high as the entire number of Covid patients in ICU a year ago. HSE chief clinical officer Dr Colm Henry admitted the figures were “higher than we would like” but added they would be even higher but for the impact of vaccination.

Pete Interesting is that the Virus has moved on...

...but we are still using (up) the ineffective COVID-a
19 vaccines

Their problem is the are touting mRNA as the answer to “tune” vaccines to specific genetic
makeup and personalize vaccines...

In the future they will print out a new vaccine almost daily (home gene code printers ar already
designed)...

...but this was more of a Global Fundraising event for the cancer “cures” coming

Northern Ireland is constantly being told by the medical establishment that our covid rates are so much worse than The Republic of Ireland and that domestic passports should be brought in

as that's why Southern Ireland are doing so well.

Also their high rate of vaccination is attributed to their (success). in beating the virus.

Just a few days ago one of the health chiefs down there blamed the unvaccinated for causing an upsurge. This is so wrong but one of the most popular papers is driving home this narrative and those who are vaccinated believe the lies.

All the sheepes whose had the jab will, as designed & planned, will fall victim to the coordinated event. Their immune systems destroyed by the first jab(s). The next virus release will target those people who've had the jab. So many people out of fear and blind trust took the poison. I am an analyst/sociologist only...making an objective statement as to what is fixing to happen in america:

Every read a US military 'counter-insurgency' manual?

I'm predicting that there will be published lists of EVERY institution, school, state, and PERSONS supporting the fascistic mandates and these lists should be posted all over the US!

Then, I'm sure 100's of thousands of our military people whom have been through this training will be court martialed and fired, SOON.....then, when they hit the public streets, they will be looking to their training to guide them.....

First step per the good book...look through recon data and identify the institutions and persons, errr, of 'interest' that pose a 'threat' to their liberties and freedoms....then, the good book says for them to 'neutralize' these institutions and persons, through peaceful means of course!

Then....well, you know the rest.....But I am just an analyst, that is all.....I'm making a prediction based on past evidence and per their training manuals....

Ten bucks says lists of enemy institutions and persons begin to be anonymously published nation wide pretty damn soon as the recon teams prepare for the counter insurgency vets to be discharged after their court martial.....

Just my ten bucks worth, as a sociologist.....

"What is going on?" It's actually very simple. The vaxxines are damaging your body's immune system. You are more likely to get COVID if you are vaxxed and exposed to the virus, than if you're not vaxxed and exposed to the virus. Or any other virus. We are going to have a mass die off this flu season.

This must be spiritual warfare. Such evil must be spiritual. As bad as we all are, and as undeserving of salvation, our innate ability for evil only goes so far. I don't think a human being can get to this place entirely on his own.

sadly they wont be immune since they already compromised their immune system with the vaccine which effectively means it can only deal with infection in one way forever more. Natural immunity is and will be far better/effective/desirable but for that you need to avoid the clotshot and somehow get this virus to give you a sniffle which from many accounts is not so easy (plenty of stories of wives trying to catch it from ill husbands to get immunity and still testing negative etc)

Not really as their natural immunity has been tanked due to the “vaccine” and they do not respond in a natural method with proper immunity.

Than add in all those long term effects of changing the DNA with the mRNA that kick out a section of the DNA that helps prevent cancers among other issues and well, there have been no long term effect studies because all the animals in the animal studies DIED.

Gee, it's almost like the vaccines aren't really vaccines. So then, given the fierce pressure to force everyone to take them, what is it they are really for? This is exactly Karl Denninger's point, the leaky vaccines put mutational pressure on the virus and it mutates and spreads. Fauci's plan has made things far worse than they should be and the Democrats don't care because they can exploit the weak minds to increase their power. When people finally figure out that they have been duped and exploited and that their family members have been mutilated or died as a result, there will be a massive backlash and violence like we have not seen in America before, CW I included.

My understanding is Dr.Malone made the mRNA to shut down the immune system to kill cancer cells in the terminal cancer patients immunity wouldn't let cancer medication attack the cancerous cells.
so they shutdown your immune system with the jab?

Libertarian Kinda goes to show ya that even if we all get jabbed, life is not going to go back to “normal”. They won’t let it.
There are some that are saying that the variants are really just vaccine injuries or side effects. Others say that the vaccinated are causing the variants.
Yet the unvaccinated are getting blamed, losing their jobs and in some areas not allowed in restaurants and stores.
