Data released Friday by the Centers for Disease Control and Prevention (CDC) showed that between Dec. 14, 2020 and Oct. 1, 2021, a total of [778,685 adverse events](#) following COVID vaccines were reported to the Vaccine Adverse Event Reporting System (VAERS). The data included a total of [16,310 reports of deaths](#) — an increase of 373 over the previous week.

There were [111,921 reports of serious injuries](#), including deaths, during the same time period — up 6,163 compared with the previous week.

Excluding “foreign reports” filed in VAERS, [593,728 adverse events](#), including [7,437 deaths](#) and [47,455 serious injuries](#), were reported in the U.S. between Dec. 14, 2020 and Oct. 1, 2021.

Of the 7,437 U.S. deaths reported as of Oct. 1, [11% occurred](#) within 24 hours of vaccination, [16% occurred](#) within 48 hours of vaccination and [29% occurred](#) in people who experienced an onset of symptoms within 48 hours of being vaccinated.

In the U.S., 393.4 million COVID vaccine doses had been administered as of Oct. 1. This [includes](#): 227 million doses of [Pfizer](#), 152 million doses of [Moderna](#) and 15 million doses of [Johnson & Johnson \(J&J\)](#).

The data come directly from reports submitted to VAERS, the primary government-funded system for reporting adverse vaccine reactions in the U.S.

Every Friday, [VAERS](#) makes public all vaccine injury reports received as of a specified date, usually about a week prior to the release date. Reports submitted to VAERS require further investigation before a causal relationship can be confirmed.

Historically, VAERS has been shown to report only [1% of actual vaccine adverse events](#).

#### **This week's U.S. data for 12- to 17-year-olds show:**

- [21,298](#) total adverse events, including [1,284](#) rated as serious and [22](#) reported deaths. Two of the 22 deaths were suicides.

The most recent death involves a 16-year-old male (VAERS I.D. [1734141](#)) who reportedly died from cardiac failure five days after receiving Pfizer's COVID vaccine.

Other recent deaths include a 17-year-old male (VAERS I.D. [1689212](#)) with cancer who was vaccinated April 17, tested positive for COVID on July 20, was hospitalized and passed away Aug.

- [520 reports](#) of myocarditis and pericarditis (heart inflammation) with [508 cases](#) attributed to Pfizer's vaccine.
- [114 reports](#) of blood clotting disorders, with all cases attributed to Pfizer.

### This week's U.S. VAERS data, from Dec. 14, 2020 to Oct. 1, 2021, for all age groups combined, show:

- 19% of deaths were related to cardiac disorders.
- 56% of those who died were male, 43% were female and the remaining death reports did not include gender of the deceased.
- The [average age](#) of death was 72.8.
- Of the [2,935 cases of Bell's Palsy](#) reported, 50% were attributed to [Pfizer](#) vaccinations, 42% to [Moderna](#) and 8% to [J&J](#).
- 648 reports of [Guillain-Barré syndrome](#), with 40% of cases [attributed to Pfizer](#), 32% to [Moderna](#) and 28% to [J&J](#).
- [1,976 reports](#) of anaphylaxis where the reaction was life-threatening, required treatment or resulted in death.
- 158,280 reports of symptoms of [anaphylactic reactions](#) with 43% of cases attributed to [Pfizer's vaccine](#), 49% to [Moderna](#) and 7% to [J&J](#). An anaphylactic reaction may include various symptoms like skin rashes, nausea, vomiting, difficulty breathing or shock.
- [9,907 reports](#) of blood clotting disorders. Of those, [4,286 reports](#) were attributed to Pfizer, [3,595 reports](#) to Moderna and [1,975 reports](#) to J&J.
- [2,737 cases](#) of myocarditis and pericarditis with [1,733 cases](#) attributed to Pfizer, [888 cases](#) to Moderna and [106 cases](#) to J&J's COVID vaccine.

On Aug. 29, Jessica went to a Seattle pharmacy to get her [COVID](#) vaccine and was told she would be receiving J&J's shot. She was "vehemently opposed" to taking the vaccine, "considering her stay-at-home mom status, state of good health and young age in conjunction with the known and unknown risk of an unproven vaccine," her husband said.

But Jessica was pressured to get the vaccine due to a [vaccine mandate](#) at their child's school requiring "room moms" who wished to serve in the classroom be fully vaccinated.

According to Jessica's VAERS report ([VAERS I.D. 1683324](#)), she experienced blood clots in her ovarian and renal veins, and a brain hemorrhage that led to tissue damage. Although doctors tried to relieve the pressure on her brain by performing a craniotomy, they were unsuccessful.

Jessica was ultimately pronounced brain dead, removed from life support and passed away. Doctors confirmed the cause of death was VITT.

By months five five through seven, researchers said vaccine efficacy reached a low level of approximately 20%. Pfizer has consistently claimed the company’s own [efficacy data demonstrate](#) 95% efficacy against SARS-CoV-2, which was not observed in this study.

### Fully vaccinated patient sparks COVID outbreak among vaccinated population

A [paper](#) published Sept. 30, in Eurosurveillance showed a fully vaccinated patient in a hospital setting [rapidly spread COVID](#) to fully vaccinated staff, patients and family members — despite a 96% vaccination rate and use of full personal protective equipment.

Of the 42 cases diagnosed in the outbreak, 38 were fully vaccinated with two doses of [Pfizer and BioNTech's Comirnaty](#) vaccine, one had received only one vaccination and three were unvaccinated.

Of the infected, 23 were patients and 19 were staff members. The staff all recovered quickly. However, eight vaccinated patients became severely ill, six became critically ill and five of the critically ill died. The two unvaccinated patients had mild COVID cases.

The authors said the study challenges the assumption high universal vaccination rates will lead to [herd immunity](#) and prevent COVID outbreaks, as 96.2% of the outbreak subjects were vaccinated, infection advanced rapidly and viral load was high.

How long are people going to fall for this global HOAX? The criminality is astonishing! Forcing anyone to wear a mask is wrong. It is Medical Tyranny! Forcing young children to block their breathing apparatus, while their little brains are still developing - is CHILD ABUSE of the worst kind! Parents should be ashamed of themselves!!!

For the last 18 months I asked myself the same question.

For me it's just totally mind freaking boggling, like being on a bad acid trip where you find yourself being thrown into the middle of a **Twilight Zone** episode where a totalitarian world government rules over all aspects of your life, and decides when you die.

I have seen so many close family and friends **Soma-nized**(brainwashed) by their social media sites and the MSM, unquestionably, obediently and religiously following the incessant mantra that vaccines are 'safe and effective' and make sure 'You Vaccinate and keep your family, friends and community safe'!

Many of them when aware that I will not comply, even after I have given them factual data from VAERS about the record breaking injuries and deaths caused by these jabs, have decided to de-friend me and my family since I refuse to believe their lied-base 'science'.

So i wonder can they really be awakened? Perhaps the best we can do is pray God help them.

21  |  • Reply • Share ›**You can call me AI** → MayorofNYC • 5 days ago

To really be awakened, you have to admit that the people you "so called" elected (they were all selected) are not on your side, you have to admit you have been fooled, abused and lied too your whole life - believe you proud nation is just a SH and taken over by evil and greed = for many that is too much and they will never admit it.

On top of that, the elitists have decimated our religion, family and social structures, divided us - causing us to live in fear ... and what is the ultimate fear now = "fear of death"; because they do not have those past crutches to support

This isn't addressing the 5 week process during which time people are considered "unvaxxed" when there are more cases, deaths and adverse events - and they lump them under unvaxxed status. I figure many of these hospitalized at that time might be vaccine adverse events.

They are considered unvaxxed until 14 days have passed since the second vaccine (unless it's the J&J shot). So if they have had one vax they are considered unvaxxed

Meanwhile, Fauci lectured a group of McGill university students in Montreal, Canada last Friday where he declared that Americans should 'give up' individual freedom for the 'greater good' of society. Henry Kissinger in a speech to the World Health Organization Council in Feb 25, 2009 announced his plan for the world: "Once the herd accepts mandatory forcible vaccination, it's game over! They will accept anything - forcible blood or organ donation - for the 'greater good'. We can genetically modify children and sterilize them - for the 'greater good'. Control sheep minds and you control the herd. Vaccine makers stand to make billions, and many of you in this room today are investors. It's a big win-win! There was just a study from out of Israel that showed natural immunity is 13 times better than vaccinated immunity, but Fauci conveniently skirts around the natural immunity question. VAERS IS SEVERELY THROTTLED.

And many data reporting streams are throttled at the hospital level where doctors refuse to make the reports because there are no consequences for not doing so. Some doctors have complained it takes too much time, 30 minutes to report one case. Others have been threatened from reporting vaccine adverse events from losing their licenses by the AMA or their jobs by the Hospitals.

There appears to be severely choked off vaccine adverse reaction reporting from the doctors, nurses, Health Care Providers all the way to VAERS itself. Dr. McCullough has complained that VAERS rejected 30 of his reports. He made that comment months ago.

Dr. Ryan Ardis, who is involved with legal challenges to the vaccine mandates and is familiar with the CMS whistleblowers affidavit has estimated that at least 200,000 have died in the US along, following COVID gene therapy injections.

I'm getting pretty tired of the weekly coverup put out by VAERS. It's just sickening. They are so deeply corrupt. The CDC, FDA, HHS, NIH, NIAID are badly in need of an investigation by an independent council.

I think deaths are in the 100's of

This whole thing is a National DISGRACE.

How long till people STAND UP to this nonsense and say no more? I think only a general strike against the mandates will do it.
