### **Philippine Movement Against Covid Tyranny (PRACT) Stages Protest** **Against All Mandatory Vaccinations** **Urges the Commission on Human Rights To Condemn Mandatory Vaccinations**

The Philippine Resistance Against Covid Tyranny (PRACT) protested today against all mandatory vaccinations, especially for teenagers. It also urged the Commission on Human Rights (CHR) to issue a public statement condemning mandatory vaccinations as a violation of human rights. PRACT convened at the Quezon Memorial Circle, signed their Manifesto, marched to the Commission on Human Rights (CHR), and handed their letter to CHR.

“Mandatory vaccinations are illegal. It violates Article III, Section 1, of the Constitution, Section 12 of RA 11525 and constitutes ‘**grave coercion**’, considered a **criminal act punishable by imprisonment** under Article 286 of the Revised Penal Code”<sup>1</sup>, said Nicanor Perlas, a co-convener and spokesperson for PRACT.

“In addition, these experimental vaccines are dangerous. As of 07 November 2021, the Philippine Food and Drug Administration (FDA), **reported 1,409 deaths and 73,281 adverse injuries, of which 3,601 were serious, and 2,350 re-infections,**”<sup>2</sup>, continued Perlas, Chief Researcher and Head of Covid Call to Humanity, a Filipino-based global information network. A study of 185 nations has shown that **the most vaccinated countries had the most deaths from COVID-19.**<sup>3</sup>

PRACT asserted that COVID-19, while killing the elderly and vulnerable, is not as deadly as the Department of Health, government agencies and media would like the public to believe. It is more like flu easily conquered by peoples’ natural immune system. Scientific studies have shown that the human **immune system is 2700% more protective** than vaccine-induced immunity.<sup>4</sup>

The country had no excess deaths in 2020 due to COVID-19, a sure indicator the country had no epidemic. According to US CDC, the **young have a survival rate of 99.997%.**<sup>5</sup> Yet, the government is running after them to inject them with vaccines that have already killed millions worldwide”, lamented Perlas.

Furthermore, **safe treatments** including Ivermectin **are available** but suppressed by government”, explained Perlas. “ We are creating a **real epidemic of the vaccinated.** The vaccinated still get infected, hospitalized and die from the disease. They are also super spreaders of the disease. Worst, they incubate variants”<sup>6</sup>, warned Perlas.
