# Over 3,000 Babies & Toddlers are being injected with a dangerous experimental Gene Therapy as part of an experiment across the United States

**Babies are being injected with an experimental gene therapy known to cause serious heart complications in over 80 medical centres across the United States.**

The medical centres in question are currently carrying out work on behalf of Pfizer and Moderna by conducting experiments on children under the age of five, to find out whether their Covid-19 mRNA injections are safe and effective for children of this age.

Many people are under the impression that the Pfizer and Moderna Covid-19 injections are actually vaccines, but they are wrong. They are experimental gene therapies for which no long-term safety data is available. If you find that hard to believe then just listen to the president of Bayer Pharmaceuticals confirm as much in the following video –

Communities across the USA have abused children for over a year, instilling a spirit of fear in their minds and casting terror and division in their hearts. So many schoolchildren have been taught that subjugation and abuse is necessary for the good of all, that subservience to harmful government decrees is an act of goodwill.

The diabolical mask mandates, contact tracing, isolation and prison-like distancing was a charade of safety that sets parents and children up to accept further propaganda and medical experimentation.

Now these same children are being lined up to take part in a needless, [heart damaging genetic experiment](#) (<https://www.medrxiv.org/content/10.1101/2021.09.13.21262182v1.full>) that has claimed thousands of adult lives and caused suffering to hundreds of thousands more.

## **Abstract 10712: Mrna COVID Vaccines Dramatically Increase Endothelial Inflammatory Markers and ACS Risk as Measured by the PULS Cardiac Test: a Warning**

Steven R Gundry

Originally published 8 Nov 2021 | Circulation. 2021;144:A10712

### **Abstract**

Our group has been using the PLUS Cardiac Test (GD Biosciences, Inc, Irvine, CA) a clinically validated measurement of multiple protein biomarkers which generates a score predicting the 5 yr risk (percentage chance) of a new Acute Coronary Syndrome (ACS). The score is based on changes from the norm of multiple protein biomarkers including IL-16, a proinflammatory cytokine, soluble Fas, an inducer of apoptosis, and Hepatocyte Growth Factor (HGF) which serves as a marker for chemotaxis of T-cells into epithelium and cardiac tissue, among other markers. Elevation above the norm increases the PULS score, while decreases below the norm lowers the PULS score. The score has been measured every 3-6 months in our patient population for 8 years. Recently, with the advent of the mRNA COVID 19 vaccines (vac) by Moderna and Pfizer, dramatic changes in the PULS score became apparent in most patients. This report summarizes those results. A total of 566 pts, aged 28 to 97, M:F ratio 1:1 seen in a preventive cardiology practice had a new PULS test drawn from 2 to 10 weeks following the 2<sup>nd</sup> COVID shot and was compared to the previous PULS score drawn 3 to 5 months previously pre-shot. Baseline IL-16 increased from 35 $\pm$ 20 above the norm to 82 $\pm$ 75 above the norm post-vac; sFas increased from 22 $\pm$ 15 above the norm to 46 $\pm$ 24 above the norm post-vac; HGF increased from 42 $\pm$ 12 above the norm to 86 $\pm$ 31 above the norm post-vac. These changes resulted in an increase of the PULS score from 11% 5 yr ACS risk to 25% 5 yr ACS risk. At the time of this report, these changes persist for at least 2.5 months post second dose of vac. We conclude that the mRNA vacs dramatically increase inflammation on the endothelium and T cell infiltration of cardiac muscle and may account for the observations of increased thrombosis, cardiomyopathy, and other vascular events following vaccination.

of UW Health. The university was praised by the mainstream media.

Dr. Steve Plimpton, the lead investigator for the Moderna study, said that kids are considered “vectors” and should be inoculated, despite the fact vaccinated people have proven to be carriers and unvaccinated people have been found to have durable immunity.

disorders, myocarditis, blood clots and immune system depletion.

Numerous medical professionals are speaking out, warning that kids should not be vaccinated with this destructive protocol. Even the most ardent supporters of vaccines, like Dr. Ben Carson, are going “anti-vax” with the Covid-19 injections.

Dr. Robert Malone, the inventor of the messenger RNA technology, concurs that “there is absolutely no scientific or medical justification for vaccinating children.”

Dr. Martin Kulldorff, a professor of medicine at Harvard Medical School, said the risks of experimental vaccines outweigh any potential benefits when it comes to children.

Speaking to the America’s Thought Leaders program, Dr Kulldorff said, “I don’t think children should be vaccinated for COVID,” he said. “I’m a huge fan of vaccinating children for measles, for mumps, for polio, for rotavirus, and many other diseases, that’s critical. But COVID is not a huge threat to children.”

These stuff, a part of, was tested on cats. It was part of the Yeadon petition on 2020news dot de appx a year ago, they wrote all cats died later when met the real virus, in reality their immune systems collapsed. I personally know about 3 cases when vaccines killed previously healthy kittens in just 3 months, being ill started with the vaxxes and all died without a 'sure diagnosis' but guessing, using umbrella terms and to liver or multi organ failures. Based on that my guess they have been testing these type of stuff on pets in the past 5 years or so.

Any parent that does this should get murder charges. We know those vaccines are a kill shot. Don't do it parents. They want the population dead. Trump and our military will take care of the deepstate and etc.who gave these shots ,Drs, nurses etc.

pure evil inside and we have more of them we ever had back then.

They are satanists and they mean it. Children sacrifices are the most valued according to their faith. If it sounds nut, go and check, the info is out everywhere. Remember the NHS tribute part of the 2012 olympics, they boldly showed to the whole world their plans, including the dancing, bot nurses, terrified children chased by imaginary viruses which had come from 5G masts looking objects, the angel of death like creature with a stick in hand emitting something – the jab.

No such coincidences, WAKE UP.
