In response to a freedom of information request the Office for National Statistics has admitted that just 6,183 people actually died of Covid-19 in England and Wales between February 1st 2020 and 31st December 2021, exposing the 150,000 death toll constantly repeated by the Government, Scientific Advisors, and the mainstream media as an extraordinary lie.

The [freedom of information \(FOI\) request](https://www.ons.gov.uk/aboutus/transparencyandgovernance/freedomofinformationfoi/covid19deathsandautopsiesfeb2020todec2021) (<https://www.ons.gov.uk/aboutus/transparencyandgovernance/freedomofinformationfoi/covid19deathsandautopsiesfeb2020todec2021>) politely asked the Office for National Statistics (ONS) to supply the number of deaths solely caused Covid-19, where Covid-19 was the only cause of death listed on the death certificate.

The response from the ONS revealed that there had been just 3,362 deaths among males between 1st Feb 20 and 31st Dec 21, and 2,821 deaths among females during the same time frame. The vast majority among the elderly population. This is a far cry from the claim of 150,000+ Covid-19 deaths made by the UK Government and its institutions.

According to the Coronavirus dashboard on the UK Government site, as of 31st December 2021 the UK Government claimed a total of 149,217 people had died of Covid-19 since the start of the Covid-19 pandemic at the beginning of 2020.

But the ONS have confirmed the true number is just 6,183, and here's how the actual number of deaths look in comparison to the misleading 150,000 lie perpetuated by the UK Government and mainstream media.

The scale of the lies and propaganda over the past two years is unprecedented, and it looks like it's all about to come out in the wash.

150k Covid-19 deaths? Pull the other one, the ONS have just confirmed in black and white that there have only been just over 6,000.

As I have said here before and will continue to say, world statistics show a steady rate of .76 % deaths in the population of the planet per year both before 2020 and all through it. Those 6000 plus deaths are a scam too of some kind and probably genocide of the elderly in care facilities. If “Covid” were real and not simply a rebranding of existing illnesses there would be a spike in 2020 world death stats, there simply isn't. 2021 is going to be a whole other thing. Instead of pumping up deaths in local stats they will be trying to hide them probably. Whatever it takes to get away with killing massive amounts of people and carrying out the depopulation agenda. Anyone left in any health care system who hasn't spoken out is guilty of complicity in mass murder. That is now your “health care system”.

Ummm, wouldn't it, presumably, be similar to what happened in the UK – massive exaggeration of deaths? They don't so much kill people in nursing homes with Midazolam in

good lie generally has some truth in it. Then you can use the tiny bit of truth to leverage mass exaggeration.

For me, the most telling figures are those for children and youth – effectively no deaths during two years of pandemic for less than 20 year olds. And yet, our sadistic governments want to inject them en masse.

which, I'll bet, will lead to more deaths than from covid from the vaccine alone. I was astounded to learn that there's injuries, adverse reactions, to vaccines even when there's no vaccine in them! Just injecting people is enough to cause damage sometimes! Like you're not even starting from a good place. You need real demonstrable positive benefits – and they're just not there.

And I think you will find, if you investigate further, a large percentage of these were euthanized in care homes for the elderly, using a cocktail of Covid-19, opiates and midlazopam, supplied and recommended by the government medical agencies! And “do not resuscitate” orders were given “without consent!

MIDLAZOPAM has also been used in the US to put convicts to death!
