Pfizer Admits To Fraud In Court But Claims It's Not Fraud Because The Government Was In On It [VIDEO]

Did they think that makes it better?

Since announcing their COVID-19 drug, pharmaceutical companies like Pfizer and Moderna have come under intense scrutiny for how they supposedly rushed trials, hid crucial data, and even committed fraud. While the Biden administration continues to support the COVID-19 jab and currently the FDA is discussing approving the drug for children under five years old, recently, Pfizer admitted to fraud. To make it worse, not only did they not fight the fraud claims against them, but they suggested that it wasn't necessarily fraud, given that the government was in on it.

Although an absurd claim, in the video below, attorney Robert Barnes, who is representing whistleblower Brook Jackson, said, "the Pfizer clinical trials were riddled not only with error but with fraudulent and false certifications to the US government. That's the suit. What's fascinating is Pfizer has moved to dismiss the case, and their grounds to dismiss, as they repeated in the scheduling conference we had this week, is that it doesn't matter if they submitted fraudulent certifications to the government. It doesn't matter if they submitted false statements under penalty of perjury to the government. It doesn't matter if they lied about the safety and efficacy of these drugs mislabeled, in my opinion, as vaccines."

Discussing what is next for Pfizer, Barnes explained, “So they’ll be able to limit some discovery, but not as much as I think they wanted to. And it was a fascinating defense to say, ‘yeah, maybe we lied. But even if we did, it doesn’t matter because some high-ranking government people were in on the lie.’ I don’t think that’s going to be a defense that the courts are ultimately going to buy, but it entitles us to discovery in the interim, so it’s going to be Brooke Jackson’s case marches onward. Probably the biggest whistleblower False Claims Act, maybe in the history of the United States.”

As mentioned above, Pfizer is currently seeking an Emergency Authorization Use request from the FDA. [The panel of experts reviewing the request heard from Dr. Harvey Klein](#), who declared, “The best treatment you can do is to leave these children alone under God’s care, and failing to do that, then your only purpose is to name and kill. That clearly being the case, the FDA should change its name to the JMI, the Josef Mengele Institute.” He added, “If you want to experiment, do it on yourselves. Don’t think that for 1 second that God is not aware of your very nefarious and murderous plans and actions. If you haven’t forbid going through with mandating vaccines for innocently helping children, you will burn in hell for eternity.”

Online users gave their take, writing, “The Global Elites’ are committing the most egregious crimes against Humanity! The ‘Gain of Function’ medical experiments in Communist China’s Government’ Bioweapon Laboratory, in Wuhan, which Anthony Fauci applied for grants from The United States Government Agencies to genetically modify and engineer Human cells and Bat cells to make it possible to transmit The Corona Virus and modify the SARS2 Virus to create a Pandemic for control of Humanity is sickening. Gates and Fauci should be sentenced accordingly for Treasonous Crimes!”

Red Voice Media would like to make a point of clarification on why we do not refer to any shot related to COVID-19 as a "vaccine." According to the CDC, the definition of a vaccine necessitates that said vaccine have a lasting effect of at least one year in preventing the contraction of the virus or disease it's intended to fight. Because all of the COVID-19 shots thus far available have barely offered six months of protection, and even then not absolute, Red Voice Media has made the decision hereafter to no longer refer to the Pfizer, Moderna, or Johnson & Johnson substances as vaccinations.

With millions of people neurologically injured and killed by the mRNA gene modifier doses; with Pfizer executives knowingly and willingly continuing the carnage, all executives should be arrested, jailed, prosecuted and hung by the short drop method.

Pfizer employees have committed Crimes Against Humanity and violated stipulations of the Nuremberg Code of 1947.

Unlike war crimes, crimes against humanity can be committed ‘during peace’ or war.[2] They are not
