### Summary Of This Disgusting Tyranny

The Western Australia government is pushing forward with outrageously tyrannical laws. The latest assault on civil rights is a bill that is working its way through the Western Australia parliament. Between this bill, the Emergency Management Act & the Public Health Act, the threat to the public is immense:

1. Government can force people to submit to Covid tests or experimental “vaccines” (in clear violation of Nuremberg Code) even if they have negative efficacy
2. Government can forcefully quarantine people (house arrest or concentration camps)
3. Government can enslave people and force them to obey orders & tasks
4. Government can destroy people’s houses, buildings, vehicles, crops & animals
5. Government can steal people’s property or vehicles
6. Government can break into houses or vehicles
7. Government can prohibit or force movement
8. Government can shut off any service including but not limited to, electricity, gas, fuel supply
9. Government can take and use people’s fuel, food, electricity & water
10. Covid officers can issue \$1,000 fines for noncompliant individuals, \$5,000 fines for corporations. The fines increase to \$50,000 if you exercise your right to defend

yourself in court. What are the rules? Anything the unelected “Emergency Coordinator” dictates as long as they pretend it will “keep people safe.” Other huge threats like \$20,000 fines for disobeying orders

11. Government can bring in military forces and give them extensive powers over Australians

## **SEND EMAILS:**

Please tell your MPs to redirect **McGowan's draconian bill** to an upper house committee for close examination, before we lose all democratic accountability and fundamental human rights.

Premier Mark McGowan has said that he is bringing an end to the “State of Emergency”.

But our Premier is renewing draconian powers for another two years to continue enforced mask mandates, involuntary “quarantine”, or more involuntary medical procedures.

The “Temporary COVID-19 Provisions” are “more radical”, “merely a state of emergency under another name” and “are actually worse,” according to Nick Goiran MLC.

Former WA Police Commissioner Karl O’Callaghan has similarly slammed this bill as “lazy” and an attempt to avoid accountability.

The bill gives Covid officers powers over ‘prevention, control and abatement of risks associated with Covid (including, without limitation, risks to economic and psychosocial wellbeing).’

The “psychosocial”, feelings-based justification potentially legally underpins medically-unjustified mandates or restrictions across the whole state or a state-wide industry.

The provision, “any action necessary”, appears to leave legal room for entry of a private residence without a warrant, and forced injections.

Disclosure of information or orders to comply will be free of any criminal or civil liability, even if the covid officers or police officers act wrongfully towards a person.

Please send an email to your MPs to redirect this draconian bill to an upper house committee for close examination, before we lose all democratic accountability and fundamental human rights.

Take action today!

Please note this campaign is open to WA residents only.

## SEND THIS EMAIL:

**PEOPLE EVERYWHERE ON THE PLANET ARE ENCOURAGED TO TAKE ACTION IN SUPPORT OF THE PEOPLE OF WESTERN AUSTRALIA**

**REGARDLESS OF WHERE YOU LIVE ON EARTH, SEND THIS EMAIL TO ALL OF THE GOVERNMENT OFFICIALS LISTED BELOW.**

**(Feel free to edit and enhance it however you wish.)**

**SUBJECT: STOP THE TYRANNY!**

I am writing to you to draw your attention to the proposed bill called:

Emergency Management Amendment (Temporary COVID-19 Provisions) Bill 2022

and to express my disgust at the outrageous violations of fundamental human rights that are included in this proposed legislation.

I oppose this bill with every fiber of my being and I strongly encourage you to speak out publicly against it.

This proposed legislation essentially maintains the state of emergency declaration legislation under the guise of revoking the actual emergency declaration, which is actually going to give the police commissioner and appointed officers all and any emergency powers without oversight or overview.

It will give the power to the commissioner and appointed officers to declare an emergency at any point without any overview. They will be able to enter private premisses or vehicles by any means which they consider reasonable without providing a warrant or consent being granted, disregarding any other written law.

**We, the people of the world, are watching very closely what you and other government officials are attempting to do in Western Australia.**

This proposed totalitarian, dictatorial, draconian, illegal legislation is a violation of fundamental and unalienable human rights. It is abhorrent to the Australian Constitution and it is a breach of numerous Federal Acts.

**I implore you to say NO to this bill,**

**and to do so publicly**

**and to do so IMMEDIATELY!**

---

**SEND THE ABOVE EMAIL TO THE GOVERNMENT OFFICIALS BELOW:**

**SEND IT EVERY DAY.**

Temporary COVID -19 Provisions Bill 2022

Western Australia

## Emergency Management Amendment (Temporary COVID-19 Provisions) Bill 2022

### 77M. Powers to control and use property and related powers

- (1) For the purposes of COVID-19 management while a COVID-19 declaration is in force, an authorised COVID-19 officer may take control of or make use of any place, vehicle or other thing.
- (2) The place, vehicle or other thing may be in, or outside, the declaration area.
- (3) For the purposes of exercising a power under subsection (1), an authorised COVID-19 officer may enter, or if necessary break into and enter, any place or vehicle.
- (4) An authorised COVID-19 officer may direct the owner or occupier, or the person apparently in charge, of a place, vehicle or other thing to give the authorised COVID-19 officer reasonable assistance to exercise the officer's powers under this section.
- (5) An authorised COVID-19 officer may exercise the powers under this section without a warrant or the consent of the owner or occupier, or the person apparently in charge, of the place, vehicle or other thing.

KILL THE BILL is happening  
today from 12:30 at the WA State  
Parliament.

**Emergency Management Amendment (Temporary COVID-19 Provisions)****Bill 2022**

Amendments commencing on day fixed by proclamation

**Part 2**

Emergency Management Act 2005 amended

**Division 1****s. 7**

- (c) close any road, access route or area of water in or leading to the declaration area;
- (d) direct that any road, access route or area of water in or leading to the declaration area be closed.

**77M. Powers to control and use property and related powers**

- (1) For the purposes of COVID-19 management while a COVID-19 declaration is in force, an authorised COVID-19 officer may take control of or make use of any place, vehicle or other thing.
- (2) The place, vehicle or other thing may be in, or outside, the declaration area.
- (3) For the purposes of exercising a power under subsection (1), an authorised COVID-19 officer may enter, or if necessary break into and enter, any place or vehicle.
- (4) An authorised COVID-19 officer may direct the owner or occupier, or the person apparently in charge, of a place, vehicle or other thing to give the authorised COVID-19 officer reasonable assistance to exercise the officer's powers under this section.
- (5) An authorised COVID-19 officer may exercise the powers under this section without a warrant or the consent of the owner or occupier, or the person apparently in charge, of the place, vehicle or other thing.
- (6) If an authorised COVID-19 officer takes control of or makes use of any place, vehicle or other thing under this section, the authorised COVID-19 officer must ensure that, as soon as is reasonably practicable in the circumstances and no later than 7 days after the place,

**We, the people of the world, cannot ignore what is happening in Western Australia. If we allow these draconian measures to be accepted there, then it is just a matter of time until similar tyrannical, dictatorial, unconstitutional measures are enacted in our locale.**

**EMERGENCY MANAGEMENT AMENDMENT (TEMPORARY ...**

*The draconian state government has been busying itself by ramming new and even more shocking Covid legislation through Parliament, without much in the way of public scrutiny.*

*Previously, the law indicated that coronavirus measures and mandates could only be implemented in accordance with what is permitted under an 'emergency declaration'. An emergency declaration, while considered necessary in rare circumstances, has often been used by tyrannical governments abroad to introduce measures that would otherwise be deemed unlawful or ill-proportionate in a free and democratic society where inalienable rights are supposed to undergird society.*

*Mark McGowan's failed health measures did nothing to stop a coronavirus outbreak, they merely delayed it. The border closures, breaches of Section 92 of the Constitution (which supports free movement), incessant mask mandates, and vaccination policies were ultimately pointless, as many predicted. In fact, they did nothing other than prolong natural immunity*

*from developing within the population and completely halt the economy. It was government policy that devastated lives, shut down businesses, and gave several children myocarditis – not Covid.*

*Still, the McGowan government appears bent on enacting further restrictive legislation that permits ‘Covid officers’ to break into vehicles, trespass on property, and breach a host of privacy concerns all to stop a virus that has already demonstrated its imperviousness to mandates.*

*The proposed bill is a shocker, featuring a broad and vague language to confer as much authority to the state as possible with little concern for human rights and the livelihoods of citizens.*

*The bill was introduced into Parliament on September 21, just one day after the media statement was made, thereby restricting public oversight of what might be seen by some as an attempt to circumnavigate accountability.*

*Section 77 of the bill indicates powers to manage a pandemic can be exercised by an authorised Covid officer. The bill defines an officer to be a ‘state emergency coordinator’ or a person authorised under Section 77I, which include ‘a person to act as authorised Covid officers’ as deemed fit by the State Emergency Co-ordinator.*

*These Covid officers are also given a wide ambit of powers to manage a pandemic as ‘managing the pandemic’ includes the ‘prevention, control and abatement of risks associated with Covid (including, without limitation, risks to economic and psychosocial wellbeing).*

*What is psychosocial wellbeing? Does it extend beyond the purely physiological problems associated with a pandemic? Vague language such as this can be extremely problematic in legislation, especially when it comes to enforcing policies. Furthermore, officers may ‘direct or, by direction, prohibit, the movement of persons and vehicles within, into, out of or around the declaration area of any part of the declaration area.’ Section 77L of the bill therefore is a direct contradiction of the Constitution, at Section 92, which promotes free movement.*

*Federal legislation trumps state acts. Or is supposed to in theory.*

*If Section 77L is not bad enough, Section 77N indicates an officer can make a person 'submit to infection prevention and control procedures within such reasonable period, and in such reasonable manner, as is specified by the officer'.*

*Section 77Q states that while a Covid declaration is in force, an authorised officer may take, or direct a person or a class of person to take, any action that the officer considers is reasonably necessary to prevent, control, or abate risks associated with Covid'.*

*This effectively relays broad powers for an officer to take 'any action' necessary to restrict a person. In theory, it would pave the way to effectively force vaccination should they think it is a reasonable action to take to prevent or control risks associated with Covid.*

*In short, the state government's enthusiasm for draconian policies that previously failed to prevent an outbreak and did nothing other than damage our economy, is being amplified thanks to the new bill on the table which is set to pass due to a majority Labor government.*

*To what effect? The citizens of Western Australia are about to find out.*

*The law is supposed to be the one mechanism that prevents tyranny across history and outlines the limits of government power. When the government itself seeks to pass legislation to transfer even greater power onto themselves at the expense of basic human rights and dignity, the result is rarely good.*

*We saw how coronavirus measures cost lives across the country, during the last three years. Now that the pandemic is considered over, it is questionable why the state government is hell bent on shoving even worse legislation through Parliament which, if passed, will be in operation for the next two years.*

## BIOSECURITY ACT 2015 - SECT 90

### Undergoing an examination

An individual may be required by a human biosecurity control order to undergo, at a specified medical facility, a specified kind of examination relating to determining the presence in the individual of:

- (a) the listed human disease specified in the order; and
- (b) any other listed human disease.

Note: For the manner in which this biosecurity measure must be carried out, see [section 94](#).

[http://classic.austlii.edu.au/au/legis/cth/consol\\_act/ba2015156/s90.html](http://classic.austlii.edu.au/au/legis/cth/consol_act/ba2015156/s90.html)

---

## BIOSECURITY ACT 2015 - SECT 94

### Appropriate medical or other standards to be applied

A biosecurity measure set out in [section 90](#) (examination), [91](#) (body samples), [92](#) (vaccination or treatment) or [93](#) (medication) must be carried out in a manner consistent with either or both of the following (as the case requires):

- (a) appropriate medical standards;
- (b) appropriate other relevant professional standards.

[http://classic.austlii.edu.au/au/legis/cth/consol\\_act/ba2015156/s94.html](http://classic.austlii.edu.au/au/legis/cth/consol_act/ba2015156/s94.html)

---

I will argue the fact that the Emergency Management Amendment and the WA Health Act 2016 is null and void due to the fact, that they do not run concurrently to our

Biosecurity Act 2015, nor to our other Federal Acts the Disability Discrimination Act 1992, Equality Act 2010 as Federal is above States, if State legislation, statues etc do not run concurrently they become NULL AND VOID

This bill also goes against the international treaties for one the: **Article 7 of the international covenant:**

It also does not run concurrently to Our Australian Constitution, nor our (Un or ina)alienable rights which are the inherent sovereign rights that exist before the State, and which, being antecedent to and above the State, can never be taken away, diminished, altered, or liened upon by the State, subject only to the due process of the Common Law. Nor can any (un or ina)alienable right be fundamentally removed, whether by mistakenly by contract through non-disclosure, which is fraud and unenforcable in Law, or knowingly by renunciation, which is contrary to Natural Law. Our (un or ina)lianable rights are permanent no man can take away.

I have listed the Federal Acts below for easy perusal as to the sections that the State Laws are not concurrent to.

That only our Biosecurity Federal Officers are required to give an individual an order with their name on it to be subject to any kind of testing which has to be brought before a Judge before any of the measures can be handed down to any individual to be sampled, medicated or isolated, in our Australia Law is that You are healthy until proven sick. Only a Biosecurity officer has this power, so where does the commissioner derive his powers from and by which jurisdiction, as Australia is a Common Law jurisdiction?

---

## **Western Australia Public Health Act 2016**

I have to send you the Emergency declaration or state of emergency declaration and the health emergency declaration that were in place for you to see which sections they used as well as the only Public Health Order that were issued.

[https://www.legislation.wa.gov.au/legislation/statutes.nsf/main\\_mrtitle\\_13791\\_homepage.html](https://www.legislation.wa.gov.au/legislation/statutes.nsf/main_mrtitle_13791_homepage.html)

---

Information that was given to businesses during the pandemic and the only Public Health Orders applied to the businesses list on the last page of the attachment but it was made mandatory for every business otherwise you will lose your job. The mandate is not a written black and white law nor did every single industry have a Public health order place on it. Mainly was for Health workers, aged care workers and port workers that are the only three true industries that had Public Health Orders placed on it. They have been doing things under omission, deception and fear.

## Doctors in Australia at risk of losing the right to practice medicine for discussing their opinions, concerns about COVID shots:

<https://rumble.com/v1mwqjy-new-legislation-to-silence-all-doctors.html>

Over the past couple of years, the world watched with incredulity as Australians faced intense lockdowns handed down by government officials attempting to exert an unprecedented level of control over their citizens. Many now fear that this egregious power grab has also encroached into medicine.

Australian doctors speak out against the chilling Qld Bill which will make doctors agents of the state.

'It will destroy the doctor/patient relationship, informed consent and medical ethics' ..Dr Syme.

Such medical censorship needs to be vigorously opposed!!

Another bill is being passed in Queensland, on the 11 October 2022, that will prohibit all Doctors to tow the line and speak the one narrative. This will take away all of the Doctor patients rights. It will mean that the two regulating bodies will be advising what and how medical treatment will be carried out by their regulatory body called AHPRA and another regulatory body called AFRA which will regulate basically everything. If it is passed in Queensland, it will be passed in other states and territories except for 2.

Link to AFRA:

<https://pennybutler.com/public-health-bill-aphra-afra/>

Link to AHPRA:

<https://www.ahpra.gov.au/About-Ahpra/National-Scheme-Strategy.aspx>

Video below explains the situation:

### Open letter to the Queensland government (found online)

Note: The Biosecurity Federal Act 2015 is Federal and applies the same way to all States.

James Roguski is offering his assistance to help Aussies take action against the WA Legislation recently reported on **ZEROTIME** which enables unspecified "COVID Officers" to break into people's homes without a warrant, seize their property, remove them into unspecified quarantine facilities and force them into a medical procedure.

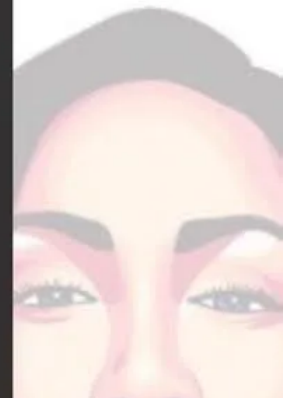

If you are in WA or in any way involved with taking a stand against this extreme legislation, please contact James via his below contact details:

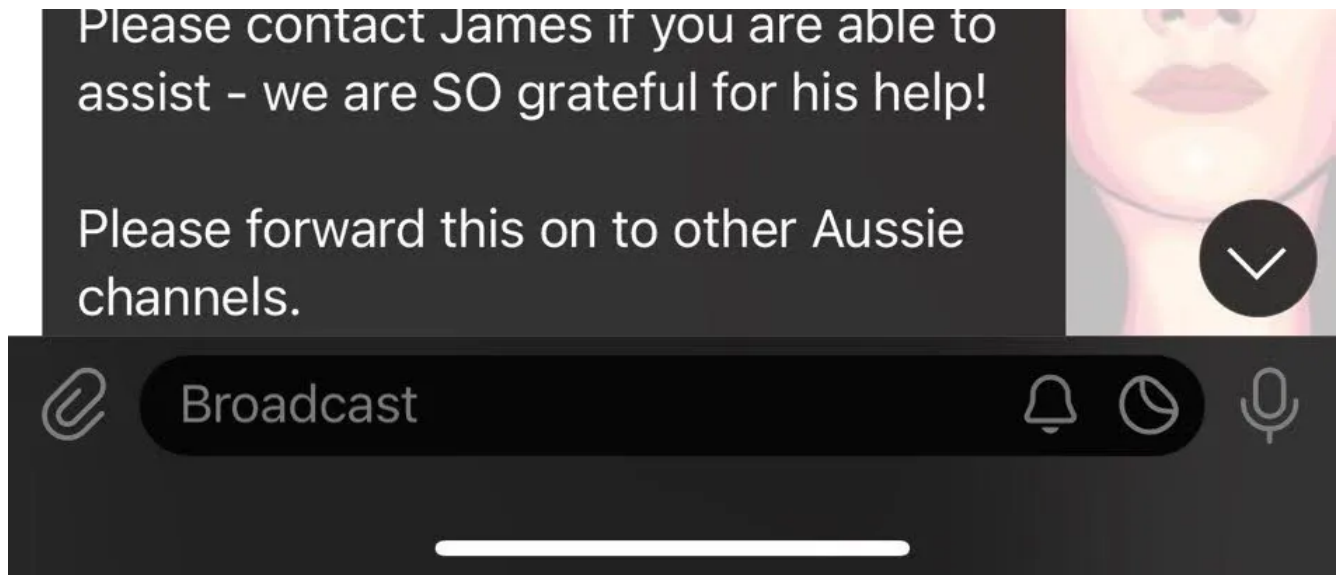

[James.Roguski@Gmail.com](mailto:James.Roguski@Gmail.com)  
+1 310-619-3055 text, phone, Signal, Telegram, WhatsApp

An example of how he has done this for Canadians can be found below:
