

ANNOUNCEMENT
CCH HIRING EXECUTIVE ASSISTANT

CCH is experiencing inspiring possibilities for itself and in partnership with allied organizations that share the similar CCH vision, mission, and values. CCH already has its hands full with all the existing tasks at hand. It will become even fuller if it is to realize the exciting possibilities ahead.

In this regard, CCH is hiring additional staff to realize these exciting possibilities. The immediate position open is for an Executive Assistant to Nicanor Perlas, the Founder and Head of CCH. As more funding becomes available, CCH will hire additional staff in the areas of research, writing, field reporting, video production, and so on.

The qualifications for the Executive Assistant position are as follows:

- Mature individual with a life mission dedicated to helping create, with courage and passion, a better society.
- Spiritually-oriented
- Good thinker and an active seeker of truth
- Action-oriented and self-motivated.
- Psychologically stable with good people skills and a team player.
- Flexible and Open to Multi-Tasking.
- Good writer and computer literate
- Unvaccinated. CCH is a leading research and news organization exposing the dangers of Covid vaccines. The vaccines can shed and affect others.
- Single female, between 28-42 years old, mature, healthy, and energetic.

The last requirement needs explanation. We are in an emergency situation. The country and the world are in a crisis. The work will be intense. Focused attention on CCH goals is important. Strong masculine qualities work better when complemented with confident feminine qualities. Family obligations will interfere with the work. This is not a rejection of family, which is important in ordinary circumstances. Christ said: My family are those who do the will of God.

Only in the context of the paragraph above will this final requirement make sense. Individual must be willing to live in CCH HQ in Bulacan and be part of a community engaged in organic farming and eco-cultural tourism. Be in a community with others committed to create a better future for humanity.

If you are qualified and interested, send your digital bio data with picture to Nicanor Perlas directly at **nperlas@protonmail.com**.
