Introduction

On February 14, 2024, France's Assemblée Nationale adopted a controversial draft law "to strengthen the fight against "sectarian drift" (in French dérive sectaire).

[Click here to view video of National Assembly, February 14, 2024](#)

The draft law was an initiative of the French government of Emmanuel Macron which will be presented to the Senate by the Minister of the Interior in the name of Prime Minister Elizabeth Borne.

Parliamentary Debate on “*Dérive Sectaire*”, Sectarian Drift

The draft law had first been debated on February 13. 2024

“A coalition of oppositions rejected the article [IV] on Tuesday evening [February 13], as the Senate did at the end of 2023. MPs LFI, LR and RN denounce a threat to “public freedoms” and to “whistleblowers” who criticize the pharmaceutical industry.

The following day (February 14, 2024) late into the night, following the question period, a narrow vote was taken (116-108) repealing the vote of the previous day. There were about 40% of the 577 members of the National Assembly present when the vote was called.

After long debates, the deputies adopted at first reading the draft law against “sectarian abominations” [dérive sectaire] on February 14, in which they reintegrated the controversial article 4, which creates a new crime of “provocation to abstention from medical care”. (“provocation à l’abstention de soins”)

...Article 4 of Chapter III, proposes to amend the Criminal Code to punish “provocation” on a sick person to “abandon or refrain from following medical treatment”, if this abandonment is presented as beneficial when it could lead to dangerous consequences.

([France Info](#), author’s translation, emphasis added)

According to France Info:

Article IV, “aims to fight against “charlatans” and “gurus 2.0”, who promote on the Internet methods presented as “miracle solutions” to cure serious diseases such as cancers. Often without scientific training and in defiance of science, they can drift towards behaviors of sectarian influence.

The “dérive sectaire” (sectarian drift) has allegedly increased dramatically, ...”in particular because of the Covid-19 epidemic and the use of social networks.”

By punishing these behaviors, the crime of “provocation to abstention from care” would therefore serve to “fill a real gap in our arsenal by equipping us with effective means to fight against therapeutic excesses of a sectarian”... Up to three years in prison for these “provocations”

After long debates, the deputies adopted at first reading the draft law against “sectarian abominations” [dérive sectaire] on February 14, in which they reintegrated the controversial article 4, which creates a new crime of “provocation to abstention from medical care”. (“*provocation à l’abstention de soins*”) ([France Info](#), emphasis added)

“Dérive sectaire” and The Draft Law

Dérive séctaire points to non-conformity in response to an official government narrative.

It’s a totalitarian concept.

It refers to [The Miviludes, a French government agency pertaining to cult movements](#).

The term aberration is also used to identify the groups.

Qu'est-ce qu'une dérive sectaire ?

Sur la base de l’expérience de la Miviludes, qui reçoit quelques 2 000 signalements par an, la dérive sectaire peut être définie comme suit :

La dérive sectaire

Il s'agit d'un dévoiement de la liberté de pensée, d'opinion ou de religion qui porte atteinte à l'ordre public, aux lois ou aux règlements, aux droits fondamentaux, à la sécurité ou à l'intégrité des personnes. Elle se caractérise par la mise en œuvre, par un groupe organisé ou par un individu isolé, quelle que soit sa nature ou son activité, de pressions ou de techniques ayant pour but de créer, de maintenir ou d'exploiter chez une personne un état de sujétion psychologique ou physique, la privant d'une partie de son libre arbitre, avec des conséquences dommageables pour cette personne, son entourage ou pour la société.

[link to French government website](#)

Translation:

Based on [the experience of the Miviludes](#), which receives some 2,000 reports per year, the sectarian drift can be defined as follows:

The sectarian drift

It is a diversion of freedom of thought, opinion or religion that violates public order, laws or regulations, fundamental rights, the security or integrity of persons. It is characterized by the implementation, by an organized group or by an isolated individual, whatever his nature or activity, of pressures or techniques aimed at creating, maintaining or exploiting in a person a state of psychological or physical subjection, depriving him of part of his free will, with harmful consequences for that person, his entourage or for society. (emphasis

added)

The Draft Law Extends the “Sectarian Drift” Concept

What is the purpose of the Draft Law:

“... strengthen the fight against sectarian aberrations (dérive sectaire) [sectarian drift], deliberated in the Council of Ministers

What this implies is to strengthen and extend the totalitarian sectarian drift concept to health and medicine.

The Draft Law:

“creates a new crime of “provocation to abstention from medical care”. (“provocation à l’abstention de soins”)

The text of this draft law is chaotic, with confused statements. It acknowledges that the sectarian drift increased dramatically during the corona crisis.

The Covid-19 Vaccine is the Unspoken Intent

The Draft Law does not explicitly refer to the Covid-19 Vaccine, which ultimately is the Bombshell. It constitutes an abominable threat. It criminalizes the protest movement against the Covid-19 Vaccine.

It provides legitimacy to a vaccine which has resulted in and upward movement in excess mortality.

What it intimates is a penalty of up to “three years of imprisonment and a fine of 45,000 Euros” for French citizens who dare speak out against the Covid-19 vaccine.

These include not only thousands of scientists and medical doctors, but also people from all walks of life in towns and communities across France.

Concurrently it derogates fundamental human rights. It also points to the criminalization of parliamentary democracy.

I should mention that “derive sectaire” is not a legal term.

According to renowned [Lawyer David Guyon](#):

“In reality, it is clear that anyone who has criticized vaccination against covid-19 could be considered of having committed an offence. However, the aforementioned offences do not make it possible to suppress dissident opinions on health policy.

In this case, it is necessary to have an opinion that is contrary to the scientific consensus and that is only likely to have serious consequences.

Consequently, such a text would be dramatic and would repress any challenge to the official word. This is why it must be fought.

Dr. Kat Lindley 
@KLVeritas

...

Today a law was passed in France qualifying any opposition to mRNA-LNP injections as a "sectarian aberration". It carries a penalty of up to 3 years' imprisonment and 45,000 euros.

“It will not tolerate any criticism of the therapeutic treatments which will be recommended or made obligatory by the state. Any person who dares to openly criticize these therapies will be liable to fines and imprisonment.”

Annie Arnaud   @arnaud_annie26 · 9h

France  Today, 02/14/24, the French government basely maneuvered so that article 4 was adopted.

It is a highly liberticidal article which will not tolerate any criticism of the therapeutic treatments which will be recommended or made obligatory by the state. ...

The Lie Has Become the Truth. The Derogation of Fundamental Human Rights

What this decision -which is yet to be voted upon by France's Senate- implies is that THE LIE HAS BECOME THE TRUTH.

You can be arrested for informing friends and neighbours that the Covid-19 vaccine is a toxic substance?

Does this mean that you cannot even quote official data on mortality and morbidity?

Does this mean that the numerous studies on excess mortality pertaining to the Covid-19 Vaccine cannot be published or quoted?

Can you be arrested for saying that Pfizer -which leads the Covid-19 vaccine agenda Worldwide- has a criminal record with the US Department of Justice?

Pfizer to Pay \$2.3 Billion for Fraudulent Marketing

In other words, the Covid-19 “vaccine” distributed at the level of the entire planet is produced by a pharmaceutical company which was indicted by the US Department of Justice (2009) on charges of “fraudulent marketing”.

Bear in mind this a criminal indictment. It was not a civilian class action law suit.

The Covid-19 Vaccine Is Killing Our Children

[Pfizer is killing our children. And our governments are being bribed by Big Pharma.](#)

Under France’s new draft law, can you be arrested for stating the truth:

Our Children and Adolescents are Dying Worldwide

Student at the Lycée Valabre de Luynes-Gardannem, Aix-en-Provence, France, Sofia Benharira, 16 years old passed away on September 21, 2021, 7 days after having received the deadly Pfizer vaccine. Heart attacks and Thrombosis.

This is happening all over the World.

Either the media fails to report vaccine related deaths or it states (with authority) that the deaths are attributable to Covid-19.

What is the Truth. Examine the Evidence. "Excess Mortality"

The evidence which has been blatantly ignored both by the French Government and the Assemblée Nationale is overwhelming:

Numerous studies confirm that the Covid-19 vaccine has triggered a Worldwide upward trend in mortality and morbidity.

Visibly the Assemblée Nationale failed to acknowledge the data from official sources which confirm a rising trend in Covid-19 Vaccine related mortality.

See the important study on excess mortality entitled:

What is revealing is that for most of the countries the same tendency characterizes the relationship between All Cause Mortality and The Number of Doses Administered

ACM All Causes Mortality. Number of deaths per month

Vax Doses Administered per week

Mortality. 1 year Moving Average

The vaccine administration by week (e.g., orange, Figure 2), for all-ages analyses in the present paper, is obtained from the original cumulative data (OWID, 2023a) by interpolating to obtain all dates, and then summing by week. As a result, where there are sudden jumps in the cumulative data, this can produce a large weekly value as an artifact, such as for the Philippines (Figure 2). Similarly, drops in cumulative values can produce artificial negative weekly values, as seen in a few cases, below.

Vaccine Related Morbidity

Covid-19 Vaccine related Mortality is accompanied by Vaccine related Morbidity.

A recent UK study focussing on [Cancer Related Excess Mortality and Morbidity in England and Wales](#) outlines the following:

The table below pertains to excess deaths related to malignant neoplasm (cancerous tumor) in England and Wales, recorded in three consecutive years: 2020, 2021, and 2022 vs. a 10 year trend (2010-2019).

The data for excess mortality in 2020 (the year prior to the vaccine) are negative with the

exception of “malignant neoplasm without specification of site”.

The vaccine was launched in the UK in December 2020. The COVID-19 vaccine was rolled-out in several phases in England and Wales [starting on December 8, 2020](#) and [extending into March-April 2021](#).

The upward movement in excess mortality (%) commences in 2021. The increase in excess mortality related to malignant neoplasm is tabulated for the two first years of the vaccine.

Oops: “Pfizer’s “Secret” Report on the Covid-19 Vaccine “Says the Truth”

What happens if you quote the Pfizer Report?

Can you be arrested and imprisoned for revealing the data on mortality and adverse events in Pfizer’s Confidential report which was made public under Freedom of Information? This report should be consulted and made available to millions of people:

[The Confidential report is a bombshell.](#) The vaccine was launched in mid-December 2020. By the end of February 2021, “Pfizer had already received more than 1,200 reports of deaths allegedly caused by the vaccine and tens of thousands of reported adverse events, including 23 cases of spontaneous abortions out of 270 pregnancies and more than 2,000 reports of cardiac disorders.”

This Confidential Pfizer Report provides data on deaths and adverse events recorded by Pfizer from the outset of the vaccine project in December 2020 to the end of February 2021, namely a very short period (at most two and a half months).

The data from mid-December 2020 to the end of February 2021 unequivocally confirms “Manslaughter”. Based on the evidence, Pfizer had the responsibility to immediately cancel and withdraw the “vaccine”.

Pfizer’s Worldwide marketing of the Covid-19 Vaccine beyond February 28th, 2021, is no longer an “Act of Manslaughter”.

Murder as opposed to Manslaughter implies “Criminal Intent”.

Pfizer’s Covid 19 Vaccine constitutes a Criminal Act. From a legal standpoint it is an “Act of Murder” applied Worldwide to a target population of 8 billion people. So far more than 60 percent of the World’s population have been Covid-19 vaccinated.

Concluding Remarks

The French government, the National Assembly and the Senate must be challenged by a mass movement across France and the European Union,

What we are witnessing is the outright [“Criminalization of the state apparatus”](#) whereby politicians, members of parliament, senior government officials are routinely bribed, coopted or threatened to abide by a diabolical project which is literally destroying people’s lives Worldwide.

We call upon the Senate to dismiss the National Assembly’s Adoption of the Draft Law entitled

Le Project de Loi visant a renforcer la lutte contre les *“Dérives Sectaires”*

Should Pfizer be Fined 45,000 Euros, Imprisoned for Three Years??

What is contained in Pfizer’s “confidential” report is detailed evidence on the impacts of the “vaccine” on mortality and morbidity. This data which emanates from the “Horse’s Mouth” can now be used to confront as well formulate legal procedures against Big Pharma, the governments, the WHO and the media.

The members of France’s National Assembly must take cognizance of this report. In a Court

of Law, the **evidence contained in this Big Pharma confidential report** (coupled with the data on deaths and adverse events compiled by the national authorities) is irrefutable: because it is their data and their estimates and not ours.

This is a de facto Mea Culpa on the part of Pfizer. #Yes it is a Killer Vaccine

Pfizer was fully aware that the mRNA vaccine which it is marketing Worldwide would result in a wave of mortality and morbidity. This is tantamount to a crime against humanity on the part of Big Pharma.

Pfizer knew from the outset that it was a killer vaccine.

It is also a Mea Culpa and Treason on the part of corrupt national governments Worldwide which are being threatened and bribed by Big Pharma.

No attempt has been made by the governments to call for the withdrawal of the killer vaccine.
